

March 21

SENIORS!!!

Cap & Gown Measurements

All graduating seniors that have applied for graduation need to check the weight and height that was indicated on the **Application for Graduation**. These figures need to be accurate so that your gown will fit. Your height should include the height of the heels on the shoes you plan to wear. For example, if your height is 5'2" and you plan to wear shoes with 2" heels, you should give your height as 5'4".

Also, you must give a number size for the cap size (not S, M, L). If you plan a drastic haircut for graduation you need to do it before measuring for your cap; otherwise your cap will not fit. **CHECK YOUR APPLICATIONS NOW**. If you need to change your measurements or you are unsure of your measurements or cap size, please see Mrs. Holmes in the Bookstore. You may also call the Bookstore at (803) 934-3989 to verify measurements. The deadline for verifying measurements is **MARCH 21, 2011**. Orders will be placed at that time.
