GREETINGS FROM THE PRESIDENT

Dear Students:

Welcome to the Morris College Family. You are about to begin a challenging, rewarding and exciting educational journey that with proper effort will lead you to your desired goal of obtaining a college degree. Proper effort in this case means regular class attendance, developing good study habits, making effective use of your time, completing all class requirements on time, and fulfilling all of the out-of class responsibilities that go with being a college student.

It also means avoiding many of the meaningless activities that waste precious time, do not contribute to your personal growth and development and can prevent you from achieving the goal of receiving your degree. Morris College is committed to providing you with opportunities to substantially increase your knowledge and skills so that when in the future you reflect back on the years you spent here, you will regard them as years that made a major difference in your life.

The official seal of Morris College that appears on the front cover of this book reminds you that the college was established in 1908, and calendar year 2008 marks a twelve-month commemoration to honor the memory of those early church leaders who struggle to ensure that future generations of African Americans youths in South Carolina and beyond would have an institution of higher education that would meet their particular needs. You too can honor their memory and show your appreciation for their sacrifices by following the advice that I have given you.

I invite you to make a personal commitment to learning, and please feel free to visit my office at any time.

Sincerely,

Luns C. Richardson
President

Please read carefully the entire Handbook and refer to it as often as the need arises.

I encourage each of you to take the full advantage of the services and programs designed for YOU by becoming involved and active in the campus community. The Office of the Dean of Student Affairs is available and committed to assist you during your tenure at Morris College. I sincerely wish for each of you a productive, enriching and rewarding year.

***GENERAL
INFORMATION***

STATEMENT OF PURPOSE AND PHILOSOPHY

MISSION STATEMENT OF MORRIS COLLEGE

Morris College was founded in 1908 by the Baptist Educational and Missionary Convention of South Carolina to provide educational opportunities for Negro students in response to the historical denial of access to the existing educational system. Today, under the continued ownership of its founding body, the College opens its doors to a culturally and geographically diverse student body, typically from the Southeast and Northeast regions. Morris College is an accredited, four-year, coeducational, residential, liberal arts institution awarding baccalaureate degrees in the arts and sciences.

The College serves the needs of its students, alumni and community. It serves its students by

- Providing sound liberal arts and career-based programs with a particular emphasis on teacher education.
- Providing an intensive program for mastering basic social, thinking, listening, speaking, reading, writing, mathematical, technological, and leadership skills.
- Providing services and programs to assist in their academic, social, professional, and personal development.
- Promoting an ethical and religious environment which complements the student's total development.

It serves its alumni by

- Promoting a relationship that is mutually beneficial to the alumni and the institution.

It serves its community by

- Providing continuing education and services to clergy and laity.
- Promoting the growth and development of the larger community through public service programs.
- Providing research services and facilities in the solution of academic and community problems.

Morris College is primarily a student-centered institution which seeks to fulfill this mission by

- Evaluating the academic performance of students to ensure competence in communication, problem solving, critical thinking, and the use of information technology.
- Emphasizing a broad understanding of the liberal arts and sciences.
- Emphasizing specific professional and technical skills necessary to meet societal demands.
- Emphasizing total development of the student for responsible citizenship in a global society.

This student-centered commitment embraces the College's motto, "*Enter to Learn; Depart to Serve.*"

AFFILIATIONS

Morris College holds membership in the Council of Independent Colleges, the Association of Governing Boards of Universities and Colleges, the American Council on Education, the American Association of Colleges for Teacher Education, the National Association for Equal Opportunity in Higher Education, and the College Fund/UNCF.

***LEARNING AND LIVING
AT
MORRIS COLLEGE***

You are at Morris College because you are interested in learning and in enriching your life. To facilitate learning and to provide a more meaningful college experience, the policies and guidelines in the following pages are presented. Each student is responsible for becoming acquainted with college policies and observing them. There may be questions or situations not covered in this handbook. If so, do not hesitate to ask for information from your counselor, residence director, or the Dean of Student Affairs.

Whenever a group of people live and work together, it is wise to have a mutual understanding about responsibilities and privileges. When the group consists of persons from different backgrounds and with different points of view, this consensus is not easily achieved. However, the nature of our group or institution and our institutional purpose and philosophy become our framework for community living. The goal of responsible self-direction by students and the college's institutional commitments are the chief concerns underlying these principles and policies.

Morris College is an institution of learning. Students are here to gain knowledge, skills, and wisdom in order to function as effective human beings. Morris College is a church-related institution committed to undergirding intellectual power with a Christian philosophy of life. Morris College has concern for your total development: intellectual, physical, moral, and spiritual.

THE HERITAGE

The Baptist Educational and Missionary Convention of South Carolina, composed of representatives from all of the Black Baptist churches in the state, was chartered in 1877 "to promote the cause of Christ, especially in South Carolina by establishing a Theological and Literary Institute for the training of young men for the ministry and also for the education of our sons and daughters." It wasn't until 1908, however, that the Convention was able to acquire a site in Sumter, South Carolina, to establish a school which it named in honor of the Rev. Frank Morris, a pioneer leader of the

Rocky River Association. Thus began a heroic venture in higher education by a group of men and women less than half a century removed from the blight of slavery. These founders were poor and without formal learning themselves, but they possessed an unfaltering faith in God and a zeal to provide for others the educational opportunities they themselves had been denied.

In 1911 the College received a certificate of incorporation from the State of South Carolina. Initially the institution provided schooling at the elementary, high school, and college levels, with the college curriculum including liberal arts programs, a program for the certification of teachers, and a theological program. In 1915 the first Bachelor of Arts degrees were awarded to two graduates.

In 1930 the elementary school was discontinued, and the institution converted from a four-year college to a two-year junior college; but in 1933 it resumed its status as a four-year college. In 1946 the high school was discontinued. In 1948 Dr. Odell R. Reuben began a twenty-two-year term as President during which the College experienced significant growth in programs, enrollment and facilities. One aspect of this growth was the establishment in 1948 of the Morris College School of Religion which operated until 1996 when its program to train ministers and Christian educators was transferred to the College itself. In 1961 the certificate of incorporation was amended to delete the word "Negro" thereby opening the doors at Morris to students of all ethnic groups.

In 1974, Dr. Luns C. Richardson became President and initiated the longest term of service of any of the College's Presidents. During his tenure in 1978, Morris College achieved the goal of accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate degrees. In 1982 the College became a member of The College Fund/UNCF, the nation's largest and most successful black fund-raising organization.

Accreditation and UNCF membership launched the College into an era of remarkable growth and development during the 1980's and 1990's. During this period, the College built or renovated more square feet of building space than had been established during the entire first seventy years of its history. Among the new facilities were a Learning Resources Center, a Fine Arts Center, a Human Development Center, a Chapel and Religious Center, and the College's first full-scale Student Center. Some of this new construction and renovation was a response to the terrible destruction that the College suffered in 1989 as a result of Hurricane Hugo. In spite of the widespread damage, the College was able to reopen within a few days, and

all students were able to complete their work without a loss of credits.

The growth years of the 1980's and 1990's were also accompanied by the initiation of new academic programs including Broadcast Media, Christian Education, Criminal Justice, Pastoral Ministry, Recreation Administration, and the initiation of an ROTC Program. In 1996 the College introduced a successful new program in Organizational Management which is offered during evening and weekend hours to older students with full-time jobs who wish to resume their earlier college careers and complete a college degree. The era of the 1990's was also marked by a substantial expansion of new technologies on the campus with the establishment or expansion of five computer laboratories and the capacity to allow every student to have access to the Internet.

Morris College has more than justified the faith, the labors, and the sacrifices of its founders, and the services that it has rendered have been extensive and beyond value. From its beginning, the College has been a center for training ministers and teachers for the pulpits and schools of the state and of the nation, and its graduates have added to the ranks of professionals and business persons. Hundreds of African-American youth who would otherwise have never attended college have received at Morris College the benefits of higher education. Many communities and state agencies have used the facilities of the College to carry out programs of general welfare and of social uplift. Morris College thus occupies a unique and significant position in the American social order as one of the few senior colleges built and operated solely under the auspices of African-Americans. As such it represents a distinct contribution to American education and society.

DRESS AND GROOMING

DRESS CODE:

Morris College expects its students to dress appropriately and in a manner that will project the social image that their status suggests. Neatness in appearance and personal cleanliness are most important in determining what impression the student will make on fellow students and professors as well as on visitors who may be in the buildings. Understanding and employing these attributes not only improve the quality of one's life and contribute to optimum morale, they also play a major role in instilling a sense of integrity and an appreciation for values and ethics.

Clothing will be properly worn (belts buckled, shirts buttoned, pants must be worn above the hips, i.e., where undergarments are not visible) and must be decent and clean at all times. Clothing with derogatory, offensive and/or lewd messages either in words or pictures is inappropriate academic attire.

Halter tops, tank shirts, and shorts, skirts or dresses (with splits) higher than three inches above the knee in the front and back are inappropriate academic attire and should not be worn while attending classes, performing work-study assignments, and attending assemblies and other college functions. In addition, biker shorts, spandex shorts, or any excessively tight clothing is considered improper attire. Hats or any head cover for men are also inappropriate in the dining hall, classroom, offices, or at formal College activities, including assemblies. Bedroom slippers or shower shoes should not be worn outside of one's residential area.

Students are encouraged to wear traditional church attire to dinner on Sunday. When in doubt concerning appropriate attire, students are encouraged to consult with their residence director or the Office of Student Affairs.

Each student is expected to respect and comply with the dress code.

HEALTH SERVICES AND INSURANCE

All students are required to have a medical record that includes immunization for measles, mumps and rubella on file in the Health Center. All students are covered by mandatory medical insurance which protects students while at home, at school, or traveling for 24 hours per day for 12 months.

Coverage is effective from August to August without regard to whether the student is enrolled in summer school.

Benefits cover accidental death and dismemberment, medical expense for an accident, sickness involving hospital confinement, surgical charges, doctor visits in a hospital and outpatient prescription charges. Information concerning specific exclusions and limitations is available upon request. Maximum benefits are \$2,000.

The health program is coordinated by the Director of Health Services who can provide information about the program. The College Physician is on duty from 12:00 Noon to 1:30 P.M. on Monday and Friday and from 10:00 A.M. to 12:00 Noon on Wednesday.

Illnesses occurring after the Health Center has closed should be reported immediately to the Residence Hall Director or the Assistant Residence Hall Director on duty. At their discretion, the Director of Health Services may be called.

Parents will be notified immediately if a student receives a serious injury, is admitted to the hospital or is confined to the residence hall for more than two days because of illness.

HEALTH POLICY STATEMENT

Prior to enrolling, all students are required to submit to the College a complete medical record on an official Morris College medical form. Accurate completion of the medical form is of particular importance for students with major and ongoing medical problems or problems requiring specialized care. The information on the medical form is essential if College staff are to assess and identify appropriate and effective treatment or make proper referrals in emergency situations. Morris College is also required by federal law to have this information on file for every full-time student enrolled.

In addition to completing the initial medical record form, students participating in intercollegiate athletics are also required to have annual medical examinations.

Students who have medical problems that are not included on the Morris College Health Form are required to report such conditions to the College Health staff. All health information is confidential and will be used only by proper health and college officials.

All students must be immunized against rubella, mumps, and measles. Students cannot attend classes until they have satisfied this regulation.

SERVICES FOR STUDENTS WITH DISABILITIES

Morris College is committed to ensuring that educational programs are accessible to all qualified students in accordance with the provisions of Section 504 of the Rehabilitation Act of 1973 and expanded by Title III of the Americans with Disabilities Act of 1990 (ADA). To guard against discrimination on the basis of disability, reasonable and appropriate accommodations, academic adjustments, and/or auxiliary aids are determined on a case-by-case basis for students who have a demonstrated need for these services.

It is the student's responsibility to initiate any request for accommodation due to a qualifying disability. Prospective students with questions about special needs or accommodations should contact the Director of Admissions and Records or the Dean of Student Affairs. Once enrolled, the Office of Student Affairs is the point of contact for students with physical, psychological, and learning disabilities.

The Dean of Student Affairs confers with students on an individual basis, then together with other College personnel as needed, determines appropriate accommodations and identifies needed resources. Accommodations are designed to meet the student's needs without fundamentally altering the nature of the College's instructional programs. Since arrangements for reasonable accommodations may require several weeks of preparation, students who have been admitted to the College and who wish to request special services should contact the Dean of Student Affairs Office as soon as possible after admission.

Students with disabilities who seek accommodations from Morris College must present current documentation from a certified professional to the Office of Student Affairs. The College will use this documentation as a guide to develop an appropriate and supportive plan for the student. Additional information regarding services provided by the College to enrolled students with disabilities is available in the Office of Student Affairs.

COUNSELING

The Office of Counseling and Testing (OCT) provides counseling and developmental services to Morris College students. Individualized counseling, group counseling, workshops, seminars, and other programs to enhance the students' development are included.

Individualized counseling enables each student to discuss personal concerns with a professional counselor in a confidential atmosphere. Group counseling enables individuals to share concerns with others who have similar difficulties and/or goals of development. Workshops and seminars address counseling-related issues and interests of students, faculty and staff. Peer counselors with sensitivity, skill and understanding assist and also refer students to a professional counselor as needed.

Study guides for the GRE, GMAT, LSAT, MCAT and MAT standardized tests are also available.

Students desiring to enter graduate school should know that Morris College has been established as a controlled testing center for the MAT (Miller Analogies Test). Students may come to the Office of Counseling and Testing to obtain information about the MAT as well as a testing schedule. The MAT may only be taken at Morris College twice within a twelve-month period of time.

The OCT is located on the second floor of the Mabel K. Howard Building. Service without cost to Morris College students is available between 8:00A.M. and 5:00 P.M. Monday through Friday. RELIGIOUS LIFE

Religious activities at Morris College emphasize moral and spiritual values, which are necessary for one's total development.

These activities provide opportunities and experience for worship, spiritual enrichment and personal growth.

College assemblies are held every Thursday at 10:00 A.M. Many of these assemblies are student-centered and provide an excellent opportunity for students to develop methods of presentation and vital communication skills.

Attendance at all Convocations, Presidential Assemblies, and the Pre-Christmas and Pre-Easter Worship Services is mandatory for all members of the College Family. Freshman students are required to attend all assemblies during both semesters of the freshman year. Freshman attendance at assemblies will be monitored by Speech and Orientation instructors. Assembly attendance will be included in the overall class evaluation.

Sunday School is held each Sunday morning at 9:00 A.M. Midweek worship/prayer services are held each Wednesday at 6:00 P.M. and are included in the religious life activities. Activities provided by the Baptist Student Union and the Gospel Choir also enhance the religious life of the College community.

Vesper services are held twice per month on Sunday evenings at 6:00 P.M. in the O. R. Reuben Chapel.

A highlight in the religious activities schedule is Religious Emphasis Week. An annual spring observance, Religious Emphasis Week gives the College community an opportunity to place special emphasis on worship and religious ideals.

A DRUG-FREE AND ALCOHOL-FREE WORKPLACE PROGRAM FOR EMPLOYEES AND STUDENTS

The Drug-Free Schools and Communities Act Amendments of 1989 require that for Morris College to continue receiving Federal funds, it must certify to the U.S. Department of Education that it has adopted and implemented a program to prevent the illicit use of drugs and the abuse of alcohol within the campus area by any of its employees or students. This notice certifies that Morris College subscribes to a program designed to keep its campus drug-free and alcohol-free and places in operation this policy and program. It is unlawful for any employee, officer or student at the college to manufacture, distribute, dispense, possess or use a controlled substance on the college property or as part of the college's activities. A violation of this policy resulting in a conviction will subject the employee to termination of employment and will subject the student to suspension or expulsion.

In accordance with Federal laws and/or the laws of the State of South Carolina, persons convicted of the first offense of unlawful possession of crack cocaine (less than one gram) shall be imprisoned for 2 to 5 years and fined \$5,000 with the penalties doubling for the second offense and tripling for the third offense. Persons convicted of the first offense of unlawful possession of cocaine, LSD, opium, opiates and certain other Schedule I and II narcotic drugs shall be imprisoned for 2 years and fined \$5,000. Persons convicted of the first offense of unlawful possession of more than 28 grams of marijuana shall be imprisoned for 1 year and/or fined between \$200 and \$1,000. Persons convicted of the first offense of unlawful possession of 28 grams or less of marijuana shall be guilty of a misdemeanor and sentenced in a Magistrate's Court.

In accordance with Federal laws and/or the laws of the State of South Carolina, persons convicted of the first offense involving the unlawful manufacturing, distributing, dispensing, or possessing with the intent of distributing drugs shall be subject to even stronger penalties. A first offense involving crack cocaine shall result in imprisonment for 15 to 20 years and a \$25,000 fine. A first offense involving cocaine, heroin, LSD, opium, and certain other Schedule I and II narcotic drugs shall result in imprisonment for 15 years and a \$25,000 fine. A first offense involving marijuana in amounts of one ounce to ten pounds shall result in imprisonment for 5 years and/or a \$5,000 fine.

In accordance with the laws of the State of South Carolina, persons convicted of the first offense of driving under the influence of alcohol shall serve from two to thirty days in jail or be fined \$200.

There are also many social and economic risks that are associated with the use of illicit drugs and with the abuse of alcohol, and some of these include:

1. **Resorting to Criminal Behavior:** The substance abuser is forced to resort to crime (robbery, burglary, prostitution) to obtain the funds to support his or her growing addiction to either drugs or alcohol. Drug addiction habits can cost \$500 per week or more to sustain.
2. **Loss of Job:** The substance abuser begins to care less and less about his or her performance on the job and more and more about acquiring drugs or alcohol. Eventually the abuser's employment is terminated, and with a growing number of employers resorting to drug testing as a pre-employment requirement, it becomes very difficult for the substance abuser to again find employment.
3. **Loss of Relationships with Family and Friends:** The substance abuser begins to care less and less about relationships with the spouse, children, other relatives and friends and more and more about acquiring drugs or alcohol. This leads to a breakdown in family and social relationships and a loss in the sense of self-worth and esteem that the individual needs to gain fulfillment from life.
4. Cirrhosis or hardening of the liver which causes the liver and other parts of the body to malfunction.
5. Alcoholism, malnutrition and anemia which could lead to brain damage or fatal physiological breakdown.

Employees or students who currently have a problem with drug abuse or alcohol abuse should pursue programs of counseling, treatment or rehabilitation to assist them in overcoming the problem before they are subject to the penalties previously indicated for such abuse. The referral and counseling process should begin with the family physician and the services provided through the college's health insurance program.

The services of other public and private agencies may also be utilized, and the principal counseling, treatment and rehabilitation agencies that are available to employees and students of the college are listed below.

SMOKE FREE POLICY

The compelling scientific findings, as summarized by the United States Surgeon General (1986) (See Footnote 1) and the Environmental Protection Agency (1989), (See Footnote 2) 1992, indicate that the simple separation of buildings into "smoking" and "nonsmoking" sections does not eliminate the unequivocal health risks that result from Environmental Tobacco Smoke. In light of these findings, Morris College is committed to eliminating harmful exposures to environmental tobacco smoke unwanted by students, faculty, staff, and visitors, and adopts the following Smoke-Free policy. The Smoke-Free policy applies to all Morris College facilities, owned or leased, regardless of location.

1. Smoking shall not be permitted in any enclosed place, including private residential space within campus housing. This policy applies to all students, faculty, staff, and visitors.
2. Smoking shall only occur in only designated areas (20-25 feet from all entrances) or smoking zones outside any enclosed area where smoking is prohibited so as to insure that second hand smoke does not enter the area through entrances, windows, ventilation systems or any other means.
3. Cigarettes and other tobacco products will not be sold on campus grounds.
4. This smoke-free policy applies to all Morris College facilities and vehicles, owned or leased.

MORRIS COLLEGE DRUG EDUCATION/TESTING PROGRAM

Introduction

Morris College desires to maintain a drug-free environment that allows students to achieve maximum success in their academic, social and personal development. The college recognizes that students may turn to drugs in the belief that in the short-run they will perform better in the classroom, in their athletic and non-athletic activities, and in their social relationships. However, students need to be made aware that in the long-run drug use leads to dependency that clouds the mind and thus makes it difficult to participate in student activities and athletics, that disrupts normal behavior and thus destroys social relationships, and that wastes money and thus reduces the chance of meeting the financial requirements of a four-year college degree.

For athletes, performance affecting drugs undermine the integrity of athletic competition which is grounded on the principle that athletic achievement is the result of individual and team ability, training, and motivation. Tolerance of drug abuse by student athletes encourages other athletes to use drugs. Athletes' use of drugs may also pose a risk of injury or even long term harm to self and others. In addition, drug use by student athletes damages the Institution in the eyes of the public.

The Morris College Drug Education/Testing Program is designed as a preventive measure based on the assumption that through proper education many students will refrain from the use of dangerous substances and that substance abusers will secure help in dealing with the problem.

PROGRAM PURPOSE

The purpose of the Morris College Drug Education/Testing Program is to deter and detect the use of non-prescription drugs that undermine the equality of a student's academic, social and athletic performance as well as a student's physical well being.

PROGRAM OBJECTIVES

The objectives of the Morris College Drug Education/Testing Program are as follows:

To improve the physical health of Morris College students.

To prevent drug use among Morris College students through the preventive strategy of drug education.

To improve class attendance and academic performance.

To provide a stronger and more productive student.

PROGRAM COORDINATION

The Morris College Drug Education/Testing Program is coordinated by the College's Health Services and Office of Counseling and Testing staff.

PROGRAM PARTICIPANTS

The Morris College Drug Education/Testing Program is available to all Morris College students. All students are required to be involved in one or more aspects of the Program. The Drug Testing Program phase is available to student athletes.

PROGRAM COVERAGE

The Morris College Drug Education/Testing Program coverage includes:

- A. DRUG EDUCATION
 - Drug education seminars Alcohol/Drug Awareness
 - Information pamphlets Week Observance
 - Drug film series Lectures
 - Drug education Residence Hall Series
 - Resource personnel from community agencies

- B. DRUG TESTING
 - Random urine testing of College athletes

PROGRAM IMPLEMENTATION DATE

The Morris College Drug Education/Testing Program was implemented during the Spring Semester, 1987.

DRUG TESTING PROCEDURES FOR STUDENTS PARTICIPATING IN INTERCOLLEGIATE ATHLETICS

Morris College students who choose to participate in intercollegiate athletics are required to also participate in the College's drug testing program. This requirement has been established by the National Association of Intercollegiate Athletics (NAIA) and applies to Morris College as well as to all other colleges that are members of the NAIA. The program is designed to enhance the overall athletic program at the College and should not be regarded by student athletes as punitive or threatening. The college's health staff or athletic staff is available to discuss with a student athlete any aspect of the testing program that requires clarification.

The drug testing procedures are as follows:

- A. The athlete reads and signs the Student Consent and Release of Liability Form. (Prior to signing, the athlete is free to ask questions about any aspect of the program that he/she does not understand.)
- B. Athletes are selected for testing at random and informed of their selection by the Athletic Director.
- C. Once selected, the athlete is requested to report to the Health Center at a given time and date. The health staff provides a specimen collection bottle and receives a urine specimen from the athlete.
- D. The specimen is carefully coded to assure confidentiality and is forwarded to a licensed medical laboratory for testing.
- E. Screening results are returned to the health staff and are made available to the athletic director and other College staff members on a need-to-know basis only.
- F. Screening results are made available to the athlete and to the parents of a dependent athlete.
- G. Athletes whose test results are positive are notified by the Athletic Director, and all such athletes are temporarily suspended from all participation in intercollegiate athletics pending a follow-up urinalysis at a time arranged by the Athletic Director. During the temporary suspension period, the athlete will be counseled at least once by the Athletic Director and once by the College Nurse or Physician.
- H. Should an athlete receive a second positive result, he/she is suspended from sports participation and will be referred to the Dean of Student Affairs.

INTERCOLLEGIATE ATHLETIC PARTICIPATION

Athletics is an integral part of the educational process at Morris College. However, participation should not impede the student's academic progress. Academics and athletics work toward the betterment of the student's growth and development.

Athletes participating in a particular sport during the term of their Cooperative Education or Student Teaching are required to forfeit their participation in that sport's training and intercollegiate competition when it conflicts with their educational schedules.

The College maintains intercollegiate athletic teams for men and women in basketball, track, tennis and cross-country; golf and baseball teams for men; and softball and volleyball teams for women.

AIDS POLICY AND PROGRAM OF EDUCATION

INTRODUCTION

In response to the epidemic of infection with Human Immunodeficiency Virus (HIV) which causes the Acquired Immunodeficiency Syndrome (AIDS), Morris College has established the following policy and education program.

In the campus environment, many students are faced with new independence, self-determination, and strong peer pressure to adopt certain behaviors. For some students, an uncertain sense of identity and self-esteem can further complicate decision-making. Experimentation with sexual behaviors and/or drug use may put college students at a great risk of infection. Young adults often feel invincible and tend to deny personal risk. Many students believe that HIV infection and AIDS are problems faced elsewhere or are concerns only for "other kinds" of people. The prolonged latency between infection with HIV and the eventual development of full-blown AIDS will promote the relative invisibility of the infection, an effect which will seem to validate the myth among members of the college community that "it cannot happen here."

Morris College recognizes that AIDS can happen anywhere. As a result, the college is committed to providing an environment in which everything possible is done to prevent its students, staff, faculty and administration from being infected, to limit the consequences of established infections, to provide compassionate safeguards for all concerned, and to assure that the rights of an identified victim of AIDS are upheld.

PROGRAM OBJECTIVES

- 1) Provide current reliable up-to-date materials and information to the College community relative to action that will prevent the occurrence and spread of AIDS.
- 2) To assure a safe environment for all students, faculty and staff.

PROGRAM COVERAGE

- Semester AIDS Seminars
- Current Resources Listings
- Counseling and Referrals
- Film Features
- HIV Antibody Testing (upon request only)

SUPPORT SERVICES

HANDI-CAPPING SERVICES

Persons with AIDS or other manifestations of HIV infection will be considered as having handicapping conditions and will be entitled to whatever support services are provided for other members of the College family who possess handicapping conditions. Such students are allowed regular classroom attendance in an unrestricted manner as long as they are physically and mentally able to do so.

HOUSING

Decisions regarding College housing will be made on a case-by-case basis. Generally, when space permits, such students will be housed in private rooms. This is done to protect the health of the immunodeficient student from exposure to certain contagious diseases.

MEDICAL RECORDS

While the institution will not routinely ask students to respond to questions about the existence of HIV infection, students or employees with HIV infection should inform the College's Director of Health Services to enable the College to provide proper education, counseling and support. Such information will be kept strictly confidential in accordance with the college's policy on confidentiality of records.

IMMUNITY

Persons known to have immune deficiencies are excused from Morris College's requirements for measles and rubella vaccinations.

HIV ANTI-BODY

Morris College Health Services will refer students or employees requesting HIV antibody testing to proper sources. Such persons will receive counseling services prior to such referrals. Such testing services will be in keeping both with college policies and South Carolina public health laws. Where such tests are performed, the following rules will apply:

- 1) Tests will be strictly confidential or anonymous and will be administered only on a voluntary basis.
- 2) Positive results on the screening test (ELISA test) will be confirmed by another procedure.
- 3) Both pre-test and post-test counseling will be given.

PALMETTO FELLOWS SCHOLARSHIP PROGRAM

The Commission on Higher Education proposes to amend and replace in its entirety R.62-300 of the Palmetto Fellows Scholarship Program. Beginning with the 2002-03 academic year, the amendments will increase the Palmetto Fellows Scholarship from a maximum annual award amount of up to \$5000 to \$6700 per academic year. The regulation also includes language that will allow students who are pursuing a program of study that is structured so as not to require a baccalaureate degree to receive the scholarship for up to eight terms (or its equivalent).

Purpose of the Palmetto Fellows Scholarship Program

Pursuant to Act 458 which was initially established as Title 59 of the 1976 Code as amended under Section 18A.28 of the 1997-98 Appropriations Bill, the Commission on Higher Education shall promulgate regulation and establish procedures to administer the Palmetto Fellows Scholarship Program. The General Assembly established the Palmetto Fellows Scholarship Program to foster scholarship among the State's postsecondary students and retain outstanding South Carolina high school graduates in the State through awards based on scholarship and achievement. The purpose of the Palmetto Fellows Scholarship Program is to recognize the most academically talented high school seniors in South Carolina and to encourage them to attend eligible colleges or universities in the State. A secondary purpose is to help retain talented minority students who might otherwise pursue studies outside the State.

Student Eligibility

A. In order to qualify for consideration for a Palmetto Fellows Scholarship, a student must:

1. Be enrolled as a senior in a public or private high school or any other high school program of study approved and certified by that school district as conforming to relevant State Statute at the time of application and be a legal resident of South Carolina as defined in applicable State Statute governing the determination of residency for tuition and fee purposes at the time of college enrollment;

2. Be a U.S. citizen or a permanent resident that meets the definition of an eligible non-citizen under State Residency Statute;

3. Meet the following three criteria: a minimum score of 1200 on the Scholastic Assessment Test (SAT) or an equivalent ACT score, and a cumulative 3.5 grade point ratio (GPR) on the Uniform Grading Scale at the end of the junior year, and rank in the top five percent of the class at the end of either the sophomore or the junior year. Qualifying scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline;

4. Be seriously considering attending, have applied, or have been accepted for admission to an eligible four-year baccalaureate-granting public or independent college or university in South Carolina as defined

under Chapter 143 and Chapter 113 of Title 59 of the 1976 Code as a first-time, degree-seeking student;

5. Certify that he/she has not been adjudicated delinquent, convicted, or pled guilty or nolo contendere to any felonies, alcohol, or drug related offenses under the laws of this or any other state or under the laws of the United States by submitting a signed affidavit each academic year to the institution testifying to the fact, except that a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or nolo contendere of an alcohol or drug related misdemeanor offense is only ineligible for the next academic year of eligibility after the date of the adjudication, conviction or plea; and

6. Submit the official Palmetto Fellows Scholarship Application by the established deadline and comply with all the directions contained therein.

B. The high schools shall ensure that all students meeting the eligibility criteria are given the opportunity to be included in the applicant pool.

C. A high school student who transfers into the State or a student who is enrolled in a high school outside of South Carolina is eligible to participate in the program providing that the student meets all eligibility requirements as described herein as well as all residency requirements as described in the "Program Definitions" Section above. A transfer student from, or a student enrolled in, an out-of-state high school may apply on the condition that the counselor or principal at the high school at which the student is presently enrolled provides official high school transcripts and appropriate documentation of compliance with all eligibility criteria, including State residency status, SAT score or equivalent ACT score that are certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline, GPA at the end of the junior year, and rank at the end of either the sophomore or the junior year in high school. The high school principal or counselor must identify each eligible student and provide an application to each student.

D. A high school student who graduates immediately after the high school junior year is eligible to apply for the Palmetto Fellows Scholarship, providing that the student meets all eligibility requirements as described in the "Student Eligibility" Section, and providing that the student is entering a participating college or university not later than the fall term immediately following high school graduation.

E. Students receiving a Palmetto Fellows Scholarship are not eligible for a LIFE or HOPE Scholarship.

F. Any student who attempts to obtain or obtains a Palmetto Fellows Scholarship through means of a willfully false statement or failure to reveal any material fact, condition, or circumstances affecting eligibility will be subject to applicable civil or criminal penalties, including loss of the Palmetto Fellows Scholarship.

A. The Commission on Higher Education will send information regarding the application process to South Carolina high schools. High school officials will identify students who meet the following three criteria: SAT score or equivalent ACT score, and GPR at the end of the junior year, and rank in the high school sophomore or junior class. Applications must be submitted no later than the established deadline along with the appropriate official signatures and the students' official transcripts by the principals to the Commission on Higher Education.

B. The high schools shall complete and return a list to the Commission on Higher Education indicating the names of all students who meet the eligibility criteria according to the high school. Both the high school principal and guidance counselor must sign the list. The list shall indicate whether the student is submitting a completed application or declining the opportunity to submit an application. If the student declines the opportunity to submit an application, the high school will submit a form for each of these students, signed by both the student and the parent/guardian, and indicating the reason(s) for not submitting an application.

C. Students must have certification that they earned a cumulative 3.5 GPR on the Uniform Grading Scale at the end of the junior year.

D. Students must have certification that they rank in the top five percent of their high school class at the end of either the sophomore or the junior year.

E. For those high schools that have fewer than twenty students in the class, the high school can submit up to two applications (an application for the student who is ranked number one in the sophomore class and, if different, an application for the student who is ranked number one in the junior class). For those high schools that have fewer than forty students but greater than twenty students in the class, the high school can submit up to four applications (up to two applications for the students ranked number one - one for the student who is ranked number one in the sophomore class and, if different, one for the student who is ranked number one in the junior class; and up to two applications for the students ranked number two in the class - one for the student who is ranked number two in the sophomore class and, if different, one for the student who is ranked number two in the junior class). These students must meet all other eligibility criteria.

F. Students must have certification that they earned a score of at least 1200 on the SAT, or an equivalent ACT score. The Commission on Higher Education shall convert all ACT scores to the equivalent SAT scores.

G. Qualifying test scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship deadline. It is permissible to select a verbal score from one test administration and a math score from a different test administration in order to obtain the qualifying test score.

LEGISLATIVE INCENTIVES FOR FUTURE EXCELLENCE (LIFE) SCHOLARSHIP

The South Carolina Commission on Higher Education proposes to add in its entirety R.62-900 of the Legislative Incentives for Future Excellence (LIFE) Scholarship Program. Bill H.4879 authorizes funding for scholarships up to the cost-of-tuition, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (Maximum \$5,000 including cost-of-tuition plus book allowance) for students attending a four-year public institution. Eligible students attending a four-year independent institution may receive funding to cover the cost-of-attendance up to a maximum of the average annual cost-of-tuition at the state's four-year public institutions, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (Maximum \$5,000 including cost-of-tuition plus book allowance). The law authorizes the Commission on Higher Education to promulgate regulations to administer and set forth the terms of the LIFE Scholarship Program.

Student Eligibility

A. To be eligible for a LIFE Scholarship, students must:

1. Be a U.S. citizen or a permanent resident that meets the definition of an eligible non-citizen under State Residency Statute;
2. Be a South Carolina resident for in-state purposes at the time of enrollment at the institution, as set forth by section 59-112-10, and be either a member of a class graduating from a high school located in this State, a student who has successfully completed at least three of the final four years of high school within this State, a home school student who has successfully completed a high school home school program in this State in the manner required bylaw, or a student graduating from a preparatory high school outside this State, while a dependent of a parent or guardian who is a legal resident of this State and has custody of the dependent according to State Statute, Section 59-149-50A;
3. First-time entering freshman at four-year eligible institutions must meet two of the following three criteria:
 - a. Earn a cumulative 3.0 grade point ratio (GPR) based on the Uniform Grading Scale (UGS) upon high school graduation. No other grading policy will be allowed to qualify for the LIFE Scholarship. Grade point ratios must be reported to two decimal places (minimum) and may not be rounded. For example, a student who

earns a 2.99 GPR is not eligible. Institutions shall use the final GPR as reported on the official transcript.

- b. Score at least an 1100 on the Scholastic Assessment Test (SAT I) or an equivalent ACT score of 24. Test scores will be accepted through the June national test administration of the SAT and ACT during the year of high school graduation. The student must use the highest SAT Math score combined with the highest SAT Critical Reading score (formerly known as the Verbal score). It is permissible to select scores from different test administrations in order to obtain the qualifying composite score. Students cannot use both Critical Reading and Writing subsection scores to meet the minimum 1100 SAT score.

- c. Rank in the top thirty percent of the graduating class consisting of high school diploma candidates only. The rank must also be based on the UGS only. Ranking percentages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who has a class rank of 13 of 43 ($13/43 \times 100 = 30.23\%$) will not rank in the top thirty percent of the class since 30.23% is not within 30 percent. To determine the top thirty percent for graduating classes with three or less students, the student who is ranked number one in the class would be considered in the top thirty percent for LIFE Scholarship eligibility. Institutions shall use the final ranking as reported by the high school on the official transcript.

Students who are eligible for or are recipients of a LIFE Scholarship cannot receive a Palmetto Fellows Scholarship, SC HOPE Scholarship or Lottery Tuition Assistance.

SOUTH CAROLINA HOPE SCHOLARSHIP

The South Carolina HOPE Scholarship, established under the South Carolina Education Lottery Act, was approved by the General Assembly during the 2001 legislative session and signed into law on June 13, 2001. Act 356 authorizes funding for scholarships to cover the cost of attendance, up to a maximum of two thousand six hundred fifty dollars (includes a \$150 book allowance) to eligible students attending four-year public and independent institutions in South Carolina. The purpose of the SC HOPE Scholarship program is to provide funding to students who graduate from high school with a 3.0 cumulative grade point average, but are not eligible to receive the LIFE or Palmetto Fellows Scholarships. Act 356 authorizes the Commission on Higher Education to promulgate regulation for administration of the SC HOPE Scholarship Program.

Funds made available for SC HOPE Scholarships under the South Carolina Education Lottery Act, shall be included in the annual appropriation to the Commission on Higher Education. This program is dependent upon the annual proceeds generated by the lottery. The Commission on Higher Education shall award funds to eligible students as SC HOPE Scholarships.

Student Eligibility

A. To be eligible for a SC HOPE Scholarship, students must:

(1) Be a U.S. Citizen or a permanent resident that meets the definition of an eligible non-citizen under State residency statutes;

(2) Be a South Carolina resident for in-state tuition purposes at the time of enrollment at the institution as set forth by Section 59-112-10 and graduated from a high school according to State Statute, Section 59-149-50A.

(3) Earn a 3.0 cumulative grade point average (GPA) on a 4.0 scale. Grade point averages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. A student who earns a 3.00 GPA or above is eligible. Until 2004, students may qualify for the SC HOPE Scholarship using the Uniform Grading Scale (UGS) or the grade point calculation policy approved by the school district. Institutions shall use the final GPA as reported by the high school. If a weighted GPA is provided, the institution shall use the high school's weighted GPA based upon the approved policies of the school district in determining whether the student meets the "B" average. The high school must specify which grading scale was used. If more than one grade point average is reported by the final official transcript, the institution may use the grading scale that would be to the student's advantage. Beginning with students graduating in 2004, scholarship eligibility will be based upon the UGS only. No other grading policy will be allowed to qualify for a State scholarship.

(4) Be admitted, enrolled full-time, and classified as a degree-seeking undergraduate student in an eligible institution in South Carolina; and

(5) Certify that he/she has not been adjudicated delinquent, convicted, or pled guilty or nolo contendere to any felonies, alcohol or other drug related offenses under the laws of this or any other state or under the laws of the United States by submitting a signed affidavit each academic year to the institution testifying to the fact, except that a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or nolo contendere of an alcohol or other drug related misdemeanor offense is only ineligible for the next academic year of eligibility after the date of the adjudication, conviction or plea.

B. Students who complete their high school graduation requirements prior to the official graduation date reported on the final high school transcript may be eligible to receive the SC HOPE Scholarship pending approval of the Commission on Higher Education (CHE). The institutional representative must complete and submit an Early Graduation Application Form and all appropriate documentation as deemed necessary by CHE for each student. The student must request and submit a letter from the high school principal verifying that he/she has met all graduation requirements.

C. Early graduates who enroll mid-year and are classified as degree-seeking will officially begin their initial college enrollment.

D. Students receiving a SC HOPE Scholarship are not eligible for a LIFE or Palmetto Fellows Scholarship.

E. Students who meet all eligibility requirements for the SC HOPE Scholarship are eligible to receive scholarship funds for the freshman year of attendance only.

SC HOPE Scholarship awards are to be used only for payment toward the cost-of-attendance as established by Title IV regulations. The award amount shall not exceed two thousand six hundred fifty dollars (includes \$150 book allowance) during the freshman year only. The SC HOPE Scholarship in combination with all other grants and scholarships shall not exceed the cost-of-attendance as defined in Title IV regulations for any academic year.

FEDERAL PERKINS LOAN

The Perkins Loan Program provides low-interest (5 percent) loans to needy students whose family income and total assets place a limitation on resources for educational purposes. This federal program is administered by Morris College. A Perkins Loan is not gift aid; therefore, it must be repaid with interest.

Students may borrow a maximum of \$15,000 during the undergraduate years but no more than \$3,000 per year provided that the funds are available.

WILLIAM D. FORD
FEDERAL DIRECT STUDENT LOAN (FDSL)

The William D. Ford Federal Direct Student Loan Program, which was established by the Student Loan Reform Act of 1993, provides a new way for students and their parents to borrow money to pay for education after high school.

Morris College participates 100 percent in the Federal Direct Student Loan Program. All applicants requesting a Student or a Parent Loan must apply for it under this new loan program. This program enables the student or parent to borrow directly from the U.S. Department of Education. (Under the Federal Family Education Loan Program, the loans are made through a private lender and a guaranty agency.) The federal government has streamlined the process for obtaining a loan by eliminating the private lenders and guaranty agencies.

Students may qualify for a "subsidized" Federal Direct Student Loan based on financial need. The subsidized loans are loans for which the federal government will pay the interest while the student is in school and during specified deferment periods.

Students may qualify for an "unsubsidized" Federal Direct Student Loan regardless of need - that is, regardless of their family's income. However, the federal government will not pay the interest on the unsubsidized FDSL.

Students in the first year (freshmen) may borrow up to \$2,625 per academic year, and in the second year (sophomores) may borrow up to \$3,500 per academic year. Undergraduates who have attained third- or fourth-year status (juniors and seniors) may borrow up to \$5,500 per academic year for a total of up to \$23,000 for undergraduate study. The amount a student may borrow, however, will be based upon the recommendation of the College.

Recipients of the Federal Direct Loan begin repayment six months after they cease to be enrolled in a postsecondary institution.

Additional information regarding the William D. Ford Federal Direct Student Loan Program can be obtained through the Office of Financial Aid.

WILLIAM D. FORD
FEDERAL DIRECT PLUS LOAN PROGRAM

The Federal PLUS Loan Program is designed to assist parents of an undergraduate student to pay the student's educational expenses. Under the Federal Direct PLUS Loan Program, the parent of a dependent student can borrow up to the cost of the student's education minus other financial aid received.

Additional information regarding the Federal Direct PLUS Loan Program can be obtained through the Office of Financial Aid.

SOUTH CAROLINA TEACHER LOAN PROGRAM (TLP)

The Teacher Loan Program was authorized to assist state residents who are attending college for the purpose of becoming certified teachers employed in the State's public school system in areas of critical need.

Freshmen and sophomores may borrow up to \$2,500 a year. Juniors, Seniors and graduate students may borrow up to \$5,000 per year.

For loan recipients who become certified and teach in an area of critical need as determined by the State Board of Education, the loan shall be canceled at the rate of 20% for each full year of teaching up to 100%.

Additional information regarding the South Carolina Teacher Loan Program can be obtained from the Office of Financial Aid or the Division of Education at the College.

THE COLLEGE FUND / UNCF

Students attending Morris College are also eligible for various scholarships that are provided through UNCF. The College makes recommendations to UNCF for consideration in awarding various scholarships to eligible students.

Scholarships are awarded based on the student's academic average, financial need, academic major and state of residency. These scholarship amounts range from \$200 to \$8,000 per year.

Additional information can be obtained through the Office of Financial Aid.

ACADEMIC INFORMATION

ACADEMIC POLICIES

ACADEMIC HONESTY POLICY

Academic honesty is expected in all situations at Morris College. Morris College students are expected to have self-confidence, self-respect, and the good judgment to recognize that a sound education requires doing one's own work. Thus plagiarism and other forms of academic dishonesty are the basis for failure, according to the college's policy as follows:

Dishonest work of the following kinds will result in students being penalized:

- Use of any unauthorized assistance in taking quizzes, tests, or examinations;
- Use of any portion of books, papers, or notes copied from any source (including electronic transmission) without acknowledgement;
- Use of bribery, threats, or any other means of coercion to influence any college official, faculty member, or employee responsible for processing grades, evaluating grades or for maintaining academic records;
- Use of forgery, alteration, unauthorized possession, or misuse of College documents pertaining to academic records, including, but not limited to, late or retroactive change of schedule forms and late or retroactive withdrawal application forms;
- Use of any other misleading or dishonest practice.

A report must be initiated and executed within 48 hours by the instructor on the prescribed form, Report of Academic Dishonesty. In case of dishonesty, an instructor may decide to give the student no credit for the assignment in question or for the course as a whole. Depending on the severity of the case, the instructor must submit a written statement to the Office of Student Affairs and the Office of Academic Affairs for further action to be taken. A student may appeal the action by written statement to the Office of Academic Affairs.

CLASS ATTENDANCE

Students are required to attend regularly all classes for which they are officially registered; and faculty members are required to keep complete and accurate attendance records for all students officially registered in their classes. A student who compiles a record of absences that exceeds twice the number of weekly class meetings will be dropped from the course with a

grade of WP or WF. The maximum number of absences permitted for a class that meets four times a week is eight; for a class that meets three times a week, six; for a class that meets twice a week, four; and for a class that meets once a week, two. A student who receives a WP or a WF because of documented extended personal illness or natural disaster such as tornado, hurricane, earthquake, or blizzard may appeal for reinstatement in the class. Students will be excused from class to participate in official activities of the College such as choir engagements, intercollegiate athletic contests, and field trips.

CLASSROOM DISRUPTION POLICY

All students are expected to behave in a mature and orderly manner. Disruptive and/or disorderly conduct will not be tolerated in the classrooms or laboratories at Morris College. After the initial warning, faculty may dismiss from that class period or laboratory a student whose conduct is, in his/her opinion, disruptive. Continuous disruption may result in permanent dismissal from the class in question with a semester grade of F. This includes, but is not limited to, verbal abuse, any kind of harassment, profanity, fighting, destruction of property, chronic or extreme tardiness, or any other interference with classroom activities. Such students will not be permitted re-entry into the class until clearance is obtained from the faculty member, the appropriate divisional chair, and/or the Academic Dean. Absences incurred during a dismissal from class will be recorded as unexcused. The length of absence from class shall not exceed two class days (48 hours) from the date of the incident.

In a case involving extremely disruptive behavior, the college reserves the right to take additional disciplinary action through its established judicial process. If a student is found responsible for such violation, the minimum disciplinary action will be probation, while the maximum disciplinary action will be expulsion from the college, dependent upon the gravity of the violation.

Grading System

Academic achievement at Morris is indicated by the following letter grades, numerical grades and grade points used in calculating grade-point averages:

A	(90-100)	4 points	Excellent
B	(80-89)	3 points	Good, above average
C	(70-79)	2 points	Satisfactory, average
D	(60-69)	1 point	Poor, but passing
F	(Below 60)	0 points	Failure
U	(Below 70)	0 points	Unsatisfactory
S	(Above 69)	0 points	Satisfactory

"U" and "S" grades are used in all non-credit courses.

"I" (incomplete) denotes that the student failed to complete all requirements for a course.

"X" denotes that the student was absent from the final examination.

"X" and "I" grades incurred during the academic year must be removed by the end of the succeeding semester (whether or not the student is enrolled); otherwise the grade of "F" will be recorded on the permanent record.

Similarly, "X" and "I" grades incurred during the summer sessions must be removed by the end of the succeeding semester (whether or not the student is enrolled); otherwise the grade of "F" will be recorded on the permanent record.

"WP" denotes withdrew passing from a course, if the student is performing satisfactorily at the time of withdrawal.

"WF" denotes withdrew failing from a course after the deadline for dropping a course, or because of excessive absences.

"AU" denotes "audit" and is listed in the computer module only.

The following grade symbol is also used but is not included in computing the grade point average.

"W" denotes withdrawal from the College.

Grade Point Average

The grade point average is determined by dividing the total number of quality points earned by the total number of credit hours attempted. In order to receive a degree, a student must attain an overall average of C (2.00) and no grade less than "C" in courses in his/her major and minor areas which are offered to meet graduation requirements.

COMPUTING GRADE POINT AVERAGE (GPA)

<i>Letter</i>	<i>Meaning</i>	<i>Quality Points Per Semester Hour</i>
A	Excellent	4
B	Good	3
C	Fair	2
D	Passing	1
F	Failing	0
I	Incomplete	0
W	Withdrawal	0
U	Unsatisfactory	0
S	Satisfactory	0

For each Course:

- (1) List course, letter grade, quality point value and number of credits.
- (2) Multiply quality points x credits.
- (3) Total the number of credits.
- (4) Total the quality points x credits column.
- (5) Divide total quality points by total hours attempted.

Example:

	<i>Grade</i>	<i>Attempted Hours</i>	<i>Earned Hours</i>	<i>Quality Points</i>
ENG 103 Fundamentals of Composition	B	3.0	3.0	9.0
MAT 103 College Algebra	W	0.0	0.0	0.0
BIO 100 Biological Science	A	4.0	4.0	16.0
EDU 210 Health and Physical Education	I	1.0	0.0	0.0
HIS 104 World History	F	3.0	0.0	0.0
SOC 101 Principles of Sociology	C	<u>3.0</u>	<u>3.0</u>	<u>6.0</u>
		14.0	10.0	31.0

Equation:

$$31.0 \div 14.0 = 2.21$$

ACADEMIC PROBATION, SUSPENSION AND DISMISSAL

Students must maintain a minimum grade point average based on the number of semester hours attempted. The minimum grade point average is as follows:

Total semester hours attempted	Cumulative grade point average
Up to 24.....	1.50
25 to 55.....	1.70
56 to 89.....	1.90
90 and above.....	2.00

Academic Probation

The record of each student is reviewed at the end of each semester. For each semester following the semester in which the student fails to achieve the minimum grade point average, he/she is placed on academic probation. A student on academic probation may enroll for no more than 13 semester credit hours and may participate only in academic and academic-related activities.

Academic Suspension

After three consecutive semesters of failure to achieve the minimum grade point average, the student will be suspended. A student suspended for academic reasons may not enroll at the College for one full semester; however, he/she may seek approval from the Academic Dean to attend summer school in order to improve his/her cumulative grade point average. The student must present written confirmation of the Academic Dean's approval before he/she will be permitted to register for the summer session.

A student who has been suspended must request readmission to the College at the end of the semester during which he/she was suspended. If readmitted, the student must earn a minimum grade point average of 2.5 in the returning semester and may participate only in academic and academic-related activities.

Academic Dismissal

A student who has been previously suspended and who fails to achieve the minimum grade point ratio after being readmitted will be dismissed from the College and may be ineligible to re-enroll.

Negligent or intentional conduct leading to disruption and/or damage of electronic networks or information systems, as defined by this policy, may result in the loss of computing privileges. If a violation of appropriate use occurs, a warning will first be given notifying the individual that his/her action violates policy and that his/her access will be suspended if the action continues. The College's policies on misconduct or inappropriate behavior, as described in the *Personnel Policy Handbook* for Morris College or the *Morris College Student Handbook*, shall be followed if the need to suspend computing privileges of faculty, staff, or students should occur. However, if the security and operation of the computing systems or networks are jeopardized, access may be immediately canceled.

STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

Students should submit to the Director of Admissions and Records, Dean of Student Affairs, Dean of Academic Affairs, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the records as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

A second exception which permits disclosure without consent is disclosure of information normally contained in a student directory. Directory information consists of name, local and home addresses and telephone numbers, dates of enrollment, whether or not a student is enrolled, and degree earned (if any) and date. All other information is considered to be personal and requires the written permission and signature of the student in order for it to be released. If a student does not wish to have any of the directory information released, he/she should notify all offices concerned.

Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll. Other conditions in which prior consent is not required to disclose information include requests from state and local officials, organizations conducting studies (provided such studies will not permit identification of students and their parents), and by legal compulsion, such as subpoenas or court orders.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Morris College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

WEEK OF SEPTEMBER 15 THROUGH SEPTEMBER 21

Things to Do This Week

MORRIS COLLEGE STANDARDIZED TESTING PROGRAM

Various standardized tests are administered at different intervals during the student's college career to ensure proper guidance and effective evaluation of the student's achievement at Morris College.

PLACEMENT TESTING AND DEVELOPMENTAL STUDIES

Students who plan to enroll at Morris College must take the ASSET placement examination which tests skills in English, mathematics and reading. Based on the results of tests, students may be placed in developmental courses. They must receive a grade of "C" or above in each developmental course in order to proceed to the next developmental or general education course in the sequence. Credit for developmental courses does not count toward graduation or the 15 hours required for academic honors. See the College Catalog for the developmental curriculum.

CRITERIA FOR ADMISSION TO THE TEACHER EDUCATION PROGRAM

Pre-candidates, students interested in majoring in education, are to complete an Intent-to-Major-in-Teacher Education form during the first semester of enrollment, pass a basic skills examination, and complete 60-hours of college credit, with a minimum cumulative GPA of 2.50. These criteria must be met before applying for admission to the Teacher Education Program the spring semester of the sophomore year.

South Carolina State Law requires all students to pass a basic skills test, Praxis I: Pre-Professional Skills Test (PPST) before applying for admission to a Teacher Education Program. Praxis I: PPST is designed to measure the student's basic skills in the areas of Reading, Writing, and Mathematics; mastery of these basic skills is a prerequisite for admission to the Teacher Education Program. The assessments are available in two formats: **paper-based** and **computer-based** Pre-Professional Skills Tests (PPST).

The paper-based PPST is administered six (6) pre-scheduled times per year. The Reading and Mathematics are each a one-hour, 40-item multiple-choice test. The Writing test consists of a 30-minute, 45-item multiple-choice section and a 30-minute essay section. For registration information, visit www.ets.org/praxis.

The computer-based PPST is administered on demand several times per year and measures the same three basic skills areas as the paper-based test. The Reading and Mathematics are each a 75-minute, 46-item multiple-choice test. The Writing test consists of a 38-minute, 44-item multiple-choice section and a 30-minute essay section. For registration information, visit www.ets.org/praxis. For more information, contact the Director of Teacher Education in the H. H. Butler Building, at X3207, irsingleton@morris.edu.

JUNIOR TESTING

Students are encouraged to arrange for and take various standardized tests such as the Graduate Record Examination (GRE), Law School Admission Test (LSAT), Medical College Admission Test (MCAT), Professional Administrative Career Education (PACE) and others.

MILITARY SCIENCE ***ARMY RESERVE OFFICER TRAINING CORPS*** ***(ROTC)***

Military Science

Army ROTC is a co-educational program dedicated to producing college-educated men and women to serve as Officers in the Army, Army National Guard, and Army Reserve in positions requiring a sense of responsibility and varied managerial skills. The program embodies the citizen-soldier concept whereby individuals may serve most of their obligation in reserve status in their home community.

General Information

Army ROTC at Morris College may be completed in two to four years depending upon student qualifications. This time is normally broken into a two-year no-obligation Basic Program and a two-year contractual Advance Program. Students with prior service, JROTC or National Guard/USAR service may qualify for direct placement in the Advance Program. At the beginning of their junior year, students with at least two years remaining before graduation can also qualify for the Advance Program by attending a five-week Basic Camp offered each summer at Fort Knox, Kentucky. Junior and senior year students participate in a regular program of physical fitness and field training.

The Scholarship Program

The Army ROTC Scholarship Program awards two-, three- and four-year scholarships to eligible students on a competitive basis. The Department of Military Science accepts applications for two- and three-year ROTC scholarships throughout the year. Students do not have to be enrolled in ROTC to apply for these scholarships.

Each scholarship pays for full tuition and provides \$600 for books and an allowance for lab fees and other educational expenses. The student also receives between \$250 and \$500 per month depending on their academic status. Students also receive \$700 while attending the five-week advanced camp at Fort Lewis, Washington after their junior year.

Morris College Student Support Services program (SSS) provides opportunities for academic development of 200 freshman and sophomore students annually. This is accomplished through a systematic approach of instructing students in basic college survival skills such as reading, writing, note taking, test taking, and computer skills. Other services include: tutorials, enrichment workshops, skill building activities, along with academic, financial, and personal counseling. The program also has a cultural enrichment component that provides and encourages students to participate in activities in which first-generation and low-income students are not normally involved.

The program is staffed with a director, counselor, two supplemental instructors and a secretary. The goal of SSS is to increase the retention and graduation rates of students attending Morris College.

CRITERIA

The following criteria determine students' eligibility to participate in Student Support Services:

- A. Academic need
- B. First-generation college student
- C. Low-income

CAREER SERVICES CENTER AT MORRIS COLLEGE

The Career Services Center at Morris College stresses that students "be all that they can be." It seeks to provide students with the opportunity to interact with individuals in various career fields. This type of interaction results in getting a more realistic picture of what the world of work actually is like. The Center prepares students for successful job searches and job interviews, concentrating on the students' role in these activities. It takes a realistic look at what is actually required in the world of work and what the employer looks for in prospective employees. The Center is concerned with students throughout their college experience and with all careers, including those for which graduate study is required. It also serves the needs of faculty, staff, and alumni.

Successful "placement" requirements:

- 1) A complete understanding of oneself, one's interest, aptitudes, motivations, strengths, and weaknesses.
- 2) A complete understanding of the nature of and requirement for the opportunities available.
- 3) A carefully organized plan for getting a job.

COOPERATIVE EDUCATION PROGRAM

The Cooperative Education (Co-Op Ed.) Program provides career guidance to students and relates academic study to practical work situations by coordinating full-time college studies with employment in business, industry, government or service organizations.

The Cooperative Education Program is based on the principle that all learning is not found in the classroom. Students spend a portion of their time in the classroom and another portion in off-campus work in positions usually related to their major course of study. This program enables students to "earn while they learn" and offers them an opportunity to learn what the world of work is all about.

For more information concerning the Co-Op Ed Program, contact the Director of Career Services, Brawley-Starks Academic Success Center or call extension 3191 or 3192.

Residual tests are not acceptable. The ACT/SAT test must be taken prior to the beginning of the term in which the student initially participates.

- B. An overall high school grade point average of 2.000 on a 4.000 scale.
- C. Graduation in the upper half of the student's high school graduating class. This is interpreted to mean the class ranking listed on the student's final high school transcript. High schools that do not rank students may elect to certify that the student has met this requirement.

Those students not meeting at least two of the three standards shall be denied athletic participation at a member institution the first full year (two semesters, three quarters) the student is identified with an institution of higher learning.

An entering freshman is defined as a student who upon first becoming identified with an NAIA institution has not previously been identified for two full semesters or three full quarters (or equivalent) at another institution of higher learning (two-or-four-year institution).

GED students must meet ACT or SAT requirement. GED certificate will apply in lieu of high school GPA and class ranking.

International students

The same criteria listed above are to be used. However, if a foreign high school transcript is such that the grade point average cannot be determined and the class ranking is not available, the foreign student can be ruled eligible by meeting the specific institution's admission criteria for foreign students and by meeting the following NAIA criteria;

1. A score of 18 or higher on the Enhanced ACT or 860 or higher on the SAT and
2. Meet the requirements listed in the most current Guide to International Academic Standards for Eligibility (G.I.A.S.).

MEMBERSHIP IN STUDENT ORGANIZATIONS

To be eligible to hold membership in student organizations (exception: Divisional organizations) a student must have a 2.0 or above grade point average and must be enrolled full time (12 hrs. or more). The only exception to the 12-hours requirement is when a student's academic program dictates that the student cannot register for the minimum twelve hours for full-time status during that academic term. Candidates for membership in clubs and organizations are submitted to the Dean of Student Affairs for verification of qualifications.

Special Note: To be eligible to join a Greek-letter sorority or fraternity, the student must have earned a total of twenty-four semester hours and must have a cumulative GPA of 2.5 or above prior to seeking admission into the student organization.

- 1) name of group

Morris College's Membership Selection/Intake period is limited to one intake process per academic year.

MEMBERSHIP SELECTION/INTAKE PROCESS

The American Council on Education, Office on Self-Regulation Initiative published "Guidelines for Institutional Action" which advised that all colleges and universities review their Greek Letter Organizations system to ensure that they were aligned with the mission and values of the host institution. Subsequently, institutions implemented stricter pledging guidelines and threatened to revamp and/or eliminate all Greek letter organizations unless definitive action was taken by national organizations.

Consequently, during its Greek Summit II held in Saint Louis, Missouri, members of the National Pan-Hellenic Council adopted recommendations imperative to the continued existence of Greek-letter organizations on college and university campuses. The following recommendations were adopted by the member organizations of the National Pan-Hellenic Council on February 17, 1990, and subsequently adopted by the eight historically black Greek-letter organizations:

POLICIES REGARDING STUDENT CONDUCT

The College uses various means of defining and clarifying the expected conduct of students. A system of academic and non-academic counseling is provided to prevent violation of regulations essential in the educational development of students. **The Student Handbook** and the **Guide to Student Rights and Judiciary Procedures** contain policies pertaining to student conduct. Policies regarding student conduct apply to both campus residents and day students.

As a student at Morris College, you are expected at all times to show respect for order, morality, and the rights of others, and to exemplify in daily living a high sense of personal honor and integrity. Morris College adheres to the philosophy that its students are mature adults and as such will assume certain responsibilities for their fellow students. Any student conduct that impacts the image of Morris College, occurring on or off campus, is subject to the code of conduct regulations. Every member of the Morris College family is authorized to exercise such control as necessary to carry out the spirit of these policies.

STUDENT RIGHTS

Each student investigated for misconduct shall have the following rights:

1. He/she shall have the right to be clearly informed of charges brought against him/her and to refute or appeal such.
2. He/she shall have the right to a hearing by a judiciary committee or some duly authorized college personnel.
3. He/she shall have the right to know all evidence and testimony against him/herself and the opportunity to testify and present evidence and witnesses.
4. He/she shall have the right to remain silent (i.e., not to testify against him/herself), but must be informed that if silence is maintained, the case will be determined on the evidence presented.
5. He/she shall have the right to be given a written statement of the decision of the hearing committee.
6. He/she shall have the right to appeal to the President of the College whose decision shall be final. In the absence of an appeal, the decision of the hearing committee or the Dean of Student Affairs shall be final.

In the event that there arises some ambiguity, inconsistency or need for clarification in this statement, such definition, interpretation or clarification shall be determined by the Dean of Student Affairs.

GENERAL GUIDELINES FOR STUDENT CONDUCT AT MORRIS COLLEGE

The public use of profanity and abusive language is prohibited at Morris College. For a first offense a student will be reprimanded and/or placed on probation. For a second offense, a student will be suspended. Exception: when abusive language is directed toward another person(s), disciplinary action will be immediately taken.

A student unofficially housing guest(s) on campus will be evicted and/or placed on probation, fined or suspended. Students desiring to have

overnight guests must file guest application. Guest cards and guest application may be picked up from the Office of Student Affairs.

The use of alcoholic beverages or other illegal drugs is prohibited at Morris College. Students caught under the influence of alcohol or other illegal drugs or with alcohol or other illegal drugs in their possession will be suspended indefinitely from Morris College.

Class attendance is required at Morris College. Each student is asked to be sure that he/she reviews the College's attendance policy. Failure to attend classes may result in forfeiture of eligibility for financial aid and/or withdrawal from some classes and/or the College

The use of classrooms for child care purposes seriously interferes with the principal function of the classroom which is instruction. All child care in classrooms is therefore prohibited. Students who bring children to classes to be cared for shall be directed by faculty members to leave the classroom and make other child care arrangements. Child care is also prohibited in the residence halls. Children accompanied by a non-student adult may visit briefly in residence hall lounges only. Children are not permitted to visit residents' rooms or loiter in hallways.

All outdoor campus activities including outdoor volleyball and basketball courts close at 12:00 midnight nightly, except Friday night. Friday night activities may extend beyond midnight.

Writing "Bad Checks" is a serious offense that could result in a student being imprisoned for up to seven years and/or fined. The College takes disciplinary action against students both for bad debts and checks. (The even more serious part is the damage that is done to one's future career when he/she gets a criminal record.)

WEAPONS ON CAMPUS

Morris College will report to the local police and also expel from the institution any member of the college community who possesses a gun or other deadly weapon on campus. In addition, any visitor to the campus bearing a gun or other deadly weapon will also be reported to the local police and will be restricted from further campus visitation.

STUDENT ARRESTS

When a student is arrested (whether on or off campus), the College may render disciplinary action if the student's behavior is also a violation of the student conduct code. After reviewing the available information about a case and discussing the situation with the student, the Dean of Student Affairs shall make a recommendation regarding whether the College will render disciplinary actions against the student immediately or wait for the

outcome of the civil or criminal trial prior to deciding if College disciplinary actions are appropriate.

CONDUCT PROCESS

Students, staff, faculty or administrators may refer students for disciplinary action. Once a written referral has been made, it becomes the property of the institution and cannot be withdrawn. The institution will determine the validity of the referral and the proper action to be taken. Students found responsible for policy violations are subject to the following actions according to the nature and the circumstances of the infraction:

- A. Reprimand
- B. Restrictions: e.g., campus or residence hall bound
- C. Fines, work duties
- D. Disciplinary Warning
- E. Restitution
- F. Probation (non-academic)
- G. Termination of housing contract/eviction
- H. Suspensions for a period of time
- I. Expulsion

Eviction: A student who is evicted from the residence halls must vacate the building within twenty-four (24) hours after notification of his/her eviction. If a student fails to evacuate in this allotted time, he/she may be subject to physical removal from the campus by authorized personnel. An evicted student is restricted from entering or being in the surrounding areas of all residence halls on campus. When a student has been evicted from a residence hall and is seeking reinstatement, he/she must submit a letter to the President of the College requesting such reinstatement. The President shall immediately submit the letter to the Committee on Disciplinary Reinstatement, and that committee shall render a final decision regarding the request for reinstatement. The student may return to the residence hall only after an affirmative decision has been made by the committee.

Suspension or expulsion: A student who is suspended or expelled because of disciplinary action must vacate the college premises within twenty-four hours after notification of his/her suspension. A suspended student may not re-enter the campus or use any of the college's facilities unless written permission has been granted by the President. When a student has been suspended for disciplinary reasons and is seeking reentry to the College, he/she must submit a letter to the President of the College requesting reinstatement and provide evidence that he/she has satisfied the terms of the suspension. The President shall immediately submit the letter and any supporting documentation to the Committee on Disciplinary Reinstatement, and that committee shall render a final decision regarding

the request for reinstatement. The student may return to the College only after an affirmative decision has been made by the committee.

Details pertaining to student discipline can be found in THE GUIDE TO STUDENT RIGHTS AND JUDICIARY PROCEDURES.

APPEALS

The student may appeal a decision of the Student Government Association Judiciary Committee or a Residence Hall Senate to the Dean of Student Affairs. The evidence will be reviewed and acted upon by the Dean of Student Affairs or, if necessary, forwarded to the Student/Faculty Judiciary Committee. A student may appeal the decision of the Judiciary Committee to the President of the College for further review. The request must be submitted in writing within twenty-four hours after the receipt of the Student/Faculty Judiciary Committee's decision. Upon the receipt of such a request, the President may affirm the Committee's decision, may request a further hearing, or reverse the Committee's decision. An appeal is waived if the student vacates the college, officially or unofficially, before the completion of the process. The Appeals Committee may be the original Faculty/Student Judiciary Committee pending new evidence or an ad hoc Appeals Committee appointed by the President of the College. A suspended student may continue in classes during the appeal process.

GRIEVANCE PROCEDURES

The grievance procedures at Morris College are designed to clarify the rights and responsibilities of students regarding academic and/or administrative concerns. Appeals or complaints should be made only in cases which the student regards as serious and for which substantial evidence is available to support a complaint or an appeal.

Should a student believe he/she has verifiable evidence to support a grievance, an attempt must first be made to resolve the matter through conferences with the instructor or staff member involved. If the issue cannot be resolved through this informal process to the satisfaction of both parties, the student should utilize one of the following processes.

If the grievance is of an academic nature:

- 1) Confer with the faculty person involved and the respective division chairperson. The student must submit an official written grievance with supporting evidence to the chairperson prior to his conference.
- 2) If the student is not satisfied with the outcome of the conference, the student may carry the grievance forward to the Academic Dean, who will investigate and may initiate a hearing before a Grievance

Committee. The committee will submit its findings in writing within seven working days.

3) If the student is not satisfied with the outcome of the Grievance Committee, the student may make a written appeal within twenty-four (24) hours of the date of notification of that decision to the President of the College, whose decision will be final.

POLICY ON SEXUAL HARASSMENT OF STUDENTS

Sexual harassment of students is defined under the law as harassment "in which the faculty member covertly or overtly uses the power inherent in the status of a professor to threaten, coerce or intimidate a student to accept sexual advances or risk reprisal in terms of a grade, a recommendation, or even a job." Sexual harassment of students by employees of Morris College exposes the College to charges of violating Title IX of the Education Amendments of 1972 which prohibits sex discrimination under any education program or activity receiving federal financial assistance. Charges of sexual harassment of students will be thoroughly investigated, and if such

investigation produces clear evidence of harassment, the person guilty of such action will be immediately terminated.

Morris College feels that each student has the right to be free from sexual harassment in any form.

Sexual harassment is defined as:

- Unwelcome physical contact;
- Sexually explicit language or gestures;
- Uninvited or unwanted sexual advances; or
- An offensive overall environment, including the use of vulgar language, the presence of sexually explicit photographs or other materials, and the telling of sexual stories.

Men as well as women can be victims of sexual harassment. **Morris College cannot stress enough that it will not tolerate any form of sexual harassment.**

All complaints of sexual harassment of students by peers are to be reported to the Dean of Student Affairs for investigation. If the complaint is verified, the accused student will be subjected to the *Guide to Student Rights and Judiciary Procedures*.

Sexual harassment of students by employees should be reported to the supervisor of the employee or to the Academic Dean.

SEXUAL ASSAULT POLICY

Morris College is committed to maintaining an environment free from all exploitation and intimidation based on sex. The College reaffirms the principle that students, faculty, and staff have a right to be free from any form of sexual offense, both forcible and non-forcible. Sexual assaults include rape, sexual battery, corruption of a minor, gross sexual imposition, voyeurism, and public indecency. Sexual offenses are unacceptable, and they will not be tolerated. They also are unlawful. The College has taken a proactive stance against sexual assault and has in place sexual assault protocols which are designed to address the health and safety of the victim, the common safety of the Morris College community, the protection of the victim from undue embarrassment of publicity and the assurance of confidentiality, insofar as possible.

The following three types of behavior exemplify sexual assault at Morris.

- A. Sexual contact with another person without the consent of that person.

- B. Sexual intercourse with another person without his/her consent.
- C. Sexual contact or sexual intercourse with another person by use or threat of force or violence or a dangerous weapon.

The following clarifications may be of assistance in understanding a given situation:

1. Sexual contact includes any intentional touching of another person's private areas either directly or through clothing by the use of any body part or object without the consent of that person.
2. Saying "No" means "No," not "Yes."
3. Failure to resist does not mean consent.
4. Consent means words or overt actions by a person competent to give consent.
5. Acquaintance assault or "date rape" is a form of sexual assault.
6. Either party being under the influence of alcohol or drugs does not diminish or relieve personal responsibility from the alleged assaulter.

Any student with a complaint should contact the Dean of Student Affairs, the Director of Residential Life, or any other member of the administration or faculty. Any student or faculty/staff member may also contact the Director of Counseling and Testing and/or the College Health Services for counseling and assistance.

If you are off campus and in an emergency situation, call the local police. A report can be filed with the Sumter Police Department. Remember, in filing a criminal report it is important to preserve criminal evidence and obtain a rape physical examination at a hospital within 72 hours of the incident. At any time after a report is made, it may be withdrawn from further action.

Complaints of sexual offenses will be responded to promptly and equitably. Retaliation against individuals bringing complaints of sexual assault is specifically prohibited. Any individual who feels that a sexual offense complaint did not receive prompt and equitable response, after pursuing the procedures previously described, should contact the Office of the President.

Possible disciplinary actions against a student found guilty of sexual assault through on-campus proceedings include expulsion, suspension, and probation. See the Guide to Student Rights and Judiciary Procedures or the student handbook for more information on procedures and disciplinary actions. It should also be understood that (as with any crime) if charges of a sexual offense are prosecuted, criminal penalties could result in addition to disciplinary actions imposed by the college. In any campus disciplinary proceeding, all parties are informed of the outcome of their case, including any disciplinary action(s).

The college provides programming to enhance sexual assault awareness and prevention throughout the year. Presentations are given to all new students during orientation, and there is an ongoing program in the residence halls which addresses issues related to date rape and all degrees of sexual offenses. Additionally, booklets designed to promote prevention and awareness are placed throughout all residence halls and in other public areas.

When the student actually occupies the reserved room, the \$100.00 fee shall be converted to a payment toward part of the total fee due on the room. The room reservation fee is \$50.00 for each summer session.

The Housing Agreement Form should be returned by August 1 for the regular academic year (fall and spring semesters), by May 1 for Summer Session I and by June 1 for Summer Session II. If a student did not reside in campus housing for the fall semester but wishes to live on campus for the spring semester, he or she should submit a room reservation fee in the amount of \$50.00 with the completed "Housing Agreement Form" by December 1st.

(Note): Students who submit room reservation fees either before or after the deadline date and then decide after the same deadline date that they do not wish to attend Morris College or that they do not wish to occupy campus housing shall forfeit their room reservation fee entirely. However, students who reside on campus during the fall semester and who do not occupy on-campus housing for the spring semester may receive 50% of the room reservation fee if applied for on or before December 1. All requests for refunds must be made in writing to the Office of Business Affairs.

RESIDENCE HALL VISITATION POLICY

The safety and welfare of each resident are major concerns of Morris College. The College, therefore, takes every precaution to provide maximum security in its residence halls and other areas of the campus. In an effort to provide such security, the College has instituted the following regulations:

1. Each visitor to the residence hall must register in the office of the Residence Director.
2. After the guest has registered, the Residence Director or the person in charge will notify the resident that he/she has a guest and wait for instructions.
3. Upon receiving instructions from the resident, the director will do one of the following:
 - A) Permit the guest to visit with the resident in his/her room. Only guests of the same sex are permitted, and the guest must be escorted to the room by the resident;
 - B) Instruct the guest to wait in the Lounge until the resident arrives to join him/her.

- C) Inform the guest that the resident is absent from the building. No visitor is permitted in the room of a resident who is absent from the room.
4. Residents should not leave the guests in rooms during their absence. During class sessions a resident may leave his/her guest in the Lounge of the residence hall upon the approval of the Residence Director.
 5. Residence halls close at 12:00 midnight. Residents who return after 12:00 midnight will be let in by the Residence Director.

Special Note: See the **Morris College Guide to Residential Living** for other housing policies.

OPENING AND CLOSING HOURS - The earliest that a student may leave the residence hall is 6:00 A.M. All residence halls will close at 12:00 midnight.

Visitors may enter the lobbies of residence halls at 8:00 A.M. for business transactions.

Visitation hours in the residence halls are from 1:00 P.M. to 12:00 midnight. Visitors may enter the residence hall lobbies at other hours only for the transaction of urgent business.

OFFICE HOURS

The residence hall office is open from 8:00 A.M. to 12:00 midnight to provide information to students and guests.

LOUNGES

Residence hall lounges are for the use of the residents of each hall. Residents share in the responsibility for the lounges in regard to damages and behavior. If a hall resident needs an area for group use, he/she should reserve the space with the Residence Hall Director. Residents are responsible for the conduct of their guests.

INTERNET SERVICE

A student desiring to connect the Internet service to their personal computer must complete the Student Request for Internet Connection Form. The student may request this form from their respective Residence Hall Director. After completing the form, the student should return the form to the Hall Director, who will then notify the Computer Center of the requested service. Upon receipt of the form, a staff member from the Computer Center will connect the Internet service to the student's individual computer jack and assign them an Internet IP address. The Residence Hall Director will contact the student to let them know that the Internet service is available. The student will receive connecting and set-up instructions from the Hall Director, as well as a copy of the institution's Computer Policy and information on protecting yourself against prosecution for violating federal

copyright laws. In addition, the student will receive a computer cable that they must return at the end of each semester. Failure to return this computer cable will subject the student to a \$10.00 replacement fee.

ADMISSION TO RESIDENCE HALLS

To be admitted to the residence halls, students should present a Housing Permit from the Business Office verifying that they have cleared all previous financial and other obligations to the college. New students are admitted to the residence halls beginning at 8:00 AM on the day of Parents/New Students Orientation. Returning students are admitted beginning at 1:00 PM on the day designated for returning students to occupy residence halls or at 1:00 PM on the day prior to resuming classes after a holiday period. Room reservations are made by currently enrolled students between February 1 and May 1 in the Office of the Residence Director for the approaching summer session, fall semester and/or spring semester. Upon entering the residence hall, each resident completes, with the Residence Director, a "Room Inventory Form." The form is filed in the Office of the Director and is used to assess losses or damages at the time the student checks out of the hall.

SPECIAL NOTICE!

Morris College cannot accept responsibility in the event of theft in a resident's room or car. Residents should check to make sure that all clothing and other valuables are covered under Parents' Homeowners' Insurance prior to bringing their possessions to campus. If something has been stolen, the resident should contact the Residence Director immediately. The Residence Director will immediately notify Security and/or the police.

VACATION PERIODS

Residence halls close during the following vacation periods: Christmas and Spring Break. Residents must arrange for their housing during these periods.

FOOD SERVICES

THE DINING HALL

The dining hall is located on the first floor of Daniels Hall. Nutritionally balanced meals are provided for all students, staff, and faculty who desire to have meals there. Meals for day students may be purchased in the dining hall. Food services for all boarding students are included in their fees.

Dining hall serving hours during the academic year are:

Special social dinners are served monthly. Social dinners are centered around major holidays or current campus events.

Note: Smoking is prohibited at the entrance or the surrounding areas of the dining hall.

FOOD SERVICE COMMITTEE

The Food Service Committee meets the first Wednesday of each month at 11:00 A.M. in the Conference Room of the Office of Student Affairs. Residents desiring to offer suggestions for the Food Service Supervisor may submit a Food Service Concern and Suggestion Form to the Food Service Committee prior to the meetings of the Committee.

MEAL TICKETS

Students eating in the dining hall must present their color-coded Identification Cards at each meal. The Division of Student Affairs issues each student an Identification Card (ID) at registration. IDs are validated during the academic year in the Office of Student Affairs. Lost IDs should be reported to the Office of Student Affairs where replacement IDs may be obtained.

IDs are not transferable. The use of an ID by anyone other than the owner will result in a policy violation and subjects both the owner and the user to disciplinary action.

Day students may purchase meals in the dining hall.

DINING HALL DECORUM

Students eating in the dining hall should avoid the following:

- 1) Removing from the dining hall trays, silverware, glassware, or other dining hall property.

- 3) Entering the dining hall improperly dressed.
- 4) Calling attention to oneself because of action which constitutes unacceptable behavior.

WAYS TO NOURISH A FRIENDSHIP

PERMIT YOUR FRIENDS TO BE THEMSELVES

Accept them as they are. Be grateful for what is there, not annoyed by what friends can't give. Accept each one's imperfections and individuality, and don't feel threatened if their opinions and tastes sometimes differ from yours.

GIVE EACH OTHER SPACE

We are entitled to our private feelings and thoughts. Friends who try to invade the inner space of one another risk destroying the relationship.

BE READY TO GIVE AND TO RECEIVE

Be eager to help and able to ask for help as well; but don't be over-demanding or let yourself be used.

MAKE YOUR ADVICE CONSTRUCTIVE

When a friend needs to talk, listen without interruption. If advice is asked for, be positive and supportive.

BE LOYAL

Loyalty is faithfulness. It means honoring confidence. It means neither disparaging a friend in their absence nor allowing others to do so.

GIVE PRAISE AND ENCOURAGEMENT

Tell your friends what you like about them, how thankful you are for their presence in your life. Delight in their talents; applaud their successes. Always be genuine in your compliments.

BE HONEST

Open communication is the essence of friendship. Express your feelings, good and bad, instead of bottling up your anger and anxiety. Clearing the air helps a relationship grow; but be aware of what is better left unsaid.

TREAT FRIENDS AS EQUALS

In true friendship, there is no number one, no room for showing off how smart and successful you are, no room for envy or for feeling superior or inferior.

TRUST YOUR FRIENDS

We live in an imperfect world made up of imperfect people. Trust can be betrayed, but it is essential in friendship. Make the effort to believe in the intrinsic goodness of your friends.

BE WILLING TO RISK

One of the obstacles to a close relationship is the fear of rejection and hurt. We don't want to reveal our vulnerability, but unless we dare to love others, we condemn ourselves to a sterile life.

INFORMATION***

CAMPUS SECURITY

Campus security officers have responsibility for the protection of campus residents and college property. They are also responsible for assisting in maintaining order on the campus. Students are required to respect the authority of security officers and cooperate with them in the discharge of these responsibilities. Students are to give their names correctly and present ID cards upon request of security officers and follow their instructions.

If a student feels that a security officer has violated his/her rights, he/she may present the grievances to the Dean of Student Affairs, but no student has the right to defy the authority of a security officer.

Alcoholic beverages and other drugs are not permitted on the College campus. If a security officer has probable cause to believe that alcoholic beverages or other drugs are being trafficked into the campus, the officer is authorized by the College to check the vehicle. Any person found guilty of having illegal goods in his/her vehicle or person will be turned over to the city law enforcement officials.

LOST AND FOUND

All articles found are to be reported to the Office of Student Affairs. Students who have lost articles should check in that office. Lost and found articles that are not claimed during the academic year are discarded during the summer.

MOTOR VEHICLES

Freshman resident students are not permitted to bring automobiles or other motor vehicles to campus.

PARKING

Limited parking is available on campus. All faculty, staff and student drivers are required to purchase a Morris College Parking Permit in order to park their cars on campus. Individuals register their vehicles with Campus Security and pay their vehicle registration fees in the Office of Business Affairs.

Students must park in assigned parking areas only. Parking is not permitted behind residence halls or in other restricted areas. Vehicles parked in restricted areas will be towed away at the owner's expense.

SPECIAL REMINDER!

All vehicle operators must park their vehicles immediately upon arrival on campus. Vehicles must remain parked and locked while on campus. Sitting in parked vehicles is not permitted. Violators of the parking policies will be denied on-campus parking privileges.

TO THE STUDENT: Read the Morris College Honor Code carefully. After reading, sign, detach, and return the signed Code to the Office of Student Affairs.

THE MORRIS COLLEGE HONOR CODE

The philosophy and tradition of Morris hold that the precepts of Christianity prevail in every aspect of College life. These precepts establish a code of honor which is specific in its demand and clear in its content. This Code belongs to each generation of students at Morris College, and upholding it is the responsibility of each student.

The Honor Code is a cherished principle of the College community. The Honor Code does not condone or tolerate lying, cheating, stealing or plagiarism. Therefore, under the Morris College Honor Code each student is expected to:

- 1) Show complete integrity in both work and deed.
- 2) Do his or her own work.
- 3) Refrain from plagiarism (copying written words without giving proper documentation), cheating, stealing.
- 4) Apply this code to himself or herself and confront any other student who violates it.
- 5) Treat everyone at the College with respect.

Consequently, deliberate violation of the Morris College Honor Code can result in:

- 1) Social probation, the duration of which is determined by the severity of the offense.
- 2) Failure.
- 3) Suspension from the College for a period of time determined by proper authority.
- 4) Expulsion.

I hereby acknowledge that I have carefully read the Morris College Honor Code and do hereby pledge to abide by the policies therein stated.

THE ALMA MATER

Morris our college dear,
With hearts filled with cheer,
We come to thee.
Throughout life's checkered ways,
Thy name we'll ever praise.
Teacher of youthful ways,
All hail to thee.

When from our homes we come,
To own thy lofty name.
Breathe courage free,
Parents and teachers dear,
Calmed by the lack of fear.
Pay homage through the years,
All hail to thee.

Composed by Ms. Ida Pullens
