Dear Students:

Welcome to the Class of 2024! As President of Morris College, I am delighted to welcome you to an experience of a lifetime. As individuals, you have traveled very different life paths to arrive at Morris College, and I certainly would love to hear each personal life story. More importantly, I would love to hear about your personal future goals and aspirations. As time permits, please tell me about yourself.

I sincerely hope you will make the conscious choice to be an “active learner” this academic year. If you decide to be an “active learner,” you will not only learn new ideas, information and skills for a successful career, but you will be on a fascinating life-long journey to amazing self-discovery. If you continue to be an “active learner,” you will discover within yourself truth, beauty, and ultimately success beyond your imagination. You are a very important person precisely because you are unique. Study hard, attend all of your classes on time, and listen carefully to each of your professors. Be sure to ask your professors lots of questions; they are here to help and foster your learning. That is the necessary hard work for preparing for a successful career and discovering who you really are. As the very famous philosopher once said, “Know thyself.”

Be ever mindful that Morris College’s rules and regulations were made for good reasons, and in life you must always respect and follow the rules. Take good care of yourself and your personal property. Try to keep your body healthy; eat properly and engage in as much physical activity as you can. Don’t abuse your body with substances that do harm to it (i.e., alcohol and illegal drugs). Be respectful of all others at all times; but most importantly, respect yourself. Don’t be afraid to reach out to other students and make friends. Sometimes college friendships can last for a lifetime. So go ahead, show some love!

Read widely and never forget your primary purpose for being in college, but also take time to participate in cultural and social events, athletics and athletic events, sororities and fraternities, and all the other wonderful clubs and organizations that we offer. Fully engage and completely enjoy the Morris College experience; it will swiftly pass because change is constant and inevitable.

Sincerely,

Leroy Staggers
President
Dear Students:

It is with Hornet Pride that we extend to you a heartfelt welcome! The staff in the Division of Student Affairs stands ready to assist young people who endeavor to take the first step in becoming a life-long scholar; thank you for making Morris College your school of choice to pursue higher education and to help make your dreams a reality.

In our quest to make your experience outside of the classroom as problem-free as possible, we offer a variety of services and programs to help you along your educational journey. The College has seven fully furnished residential living facilities where you can thrive and develop in a living-learning community with other students who share the common goals of educational success and personal development. The Student Health and Wellness Center is equipped with state-of-the-art exercise equipment and a fitness trainer to help you meet your physical and wellness goals. Counseling services are available to assist you with anything from academics to personal issues, and all interactions with the counseling staff are handled in a caring, sensitive, and confidential manner. Finally, you will be encouraged to develop your leadership skills by engaging in the Student Government Association or assuming leadership roles in some of the over fifty (50) clubs and organizations that are offered at the college.

As we strive to improve and move the college forward, we welcome your ideas, creativity and innovation to help revamp, design, and implement programs that will aid us in ensuring that each student who graduates from the institution will be prepared with the necessary personal, professional, and technological skills necessary to compete in a global world. The 21st century requires that you be ready and prepared to address the social, political, and economical challenges of our global world. Again, welcome and we look forward to seeing and working with you this academic year.

Best Wishes

Juana Davis-Freeman
Dean of Student Affairs
GENERAL INFORMATION
MISSION STATEMENT OF MORRIS COLLEGE

Morris College was founded in 1908 by the Baptist Educational and Missionary Convention of South Carolina to provide educational opportunities for Negro students in response to the historical denial of access to the existing educational system. Today, under the continued ownership of its founding body, the College opens its doors to a culturally and geographically diverse student body, typically from the Southeast and Northeast regions. Morris College is an accredited, four-year, coeducational, residential, liberal arts and career-focused institution awarding baccalaureate degrees in the arts and sciences and in career-based professional fields.

The College serves the needs of its students, alumni and community.

It serves its students by:

- Providing sound liberal arts and career-based programs with a particular emphasis on teacher education.
- Providing an intensive program for mastering basic social, thinking, listening, speaking, reading, writing, mathematical, technological, and leadership skills.
- Providing services and programs to assist in their academic, social, professional, and personal development.
- Promoting an ethical and religious environment which complements the student's total development.

It serves its alumni by:

- Promoting a relationship that is mutually beneficial to the alumni and the institution.

It serves its community by:

- Providing continuing education and services to clergy and laity.
- Promoting the growth and development of the larger community through public service programs.
- Providing research services and facilities in the solution of academic and community problems.

Morris College is primarily a student-centered institution which seeks to fulfill this mission by:

- Evaluating the academic performance of students to ensure competence in communication, problem solving, critical thinking, and the use of information technology.
- Emphasizing a broad understanding of the liberal arts and sciences.
- Emphasizing specific professional and technical skills necessary to meet societal demands.
- Emphasizing total development of the student for responsible citizenship in a global society.

This student-centered commitment embraces the College's motto, "Enter to Learn; Depart to Serve."

With Hornet Pride!!!!!
LEARNING AND LIVING AT MORRIS COLLEGE

You are at Morris College because you are interested in learning and in enriching your life. To facilitate learning and to provide a more meaningful college experience, the policies and guidelines in the following pages are presented. Each student is responsible for becoming acquainted with college policies and observing them. There may be questions or situations
not covered in this handbook. If so, do not hesitate to ask for information from your counselor, residence director, or the Dean of Student Affairs.

Whenever a group of people live and work together, it is wise to have a mutual understanding about responsibilities and privileges. When the group consists of persons from different backgrounds and with different points of view, this consensus is not easily achieved. However, the nature of our group or institution and our institutional purpose and philosophy become our framework for community living. The goal of responsible self-direction by students and the college’s institutional commitments are the chief concerns underlying these principles and policies.

Morris College is an institution of learning. Students are here to gain knowledge, skills, and wisdom in order to function as effective human beings. Morris College is a church-related institution committed to undergirding intellectual power with a Christian philosophy of life. Morris College has concern for your total development: intellectual, physical, moral, and spiritual.
THE HERITAGE

The Baptist Educational and Missionary Convention of South Carolina, composed of representatives from all of the Black Baptist churches in the state, was chartered in 1877 "to promote the cause of Christ, especially in South Carolina by establishing a Theological and Literary Institute for the training of young men for the ministry and also for the education of our sons and daughters." It wasn't until 1908, however, that the Convention was able to acquire a site in Sumter, South Carolina, to establish a school which it named in honor of the Rev. Frank Morris, a pioneer leader of the Rockey River Association. Thus began a heroic venture in higher education by a group of men and women less than half a century removed from the blight of slavery. These founders were poor and without formal learning themselves, but they possessed an unflattering faith in God and a zeal to provide for others the educational opportunities they themselves had been denied.

In 1911 the College received a certificate of incorporation from the State of South Carolina. Initially the institution provided schooling at the elementary, high school, and college levels, with the college curriculum including liberal arts programs, a program for the certification of teachers, and a theological program. In 1915 the first Bachelor of Arts degrees were awarded to two graduates.
In 1930 the elementary school was discontinued, and the institution converted from a four-year college to a two-year junior college; but in 1933 it resumed its status as a four-year college. In 1946 the high school was discontinued. In 1948 Dr. Odell R. Reuben began a twenty-two-year term as President during which the College experienced significant growth in programs, enrollment and facilities. One aspect of this growth was the establishment in 1948 of the Morris College School of Religion which operated until 1996 when its program to train ministers and Christian educators was transferred to the College itself. In 1961 the certificate of incorporation was amended to delete the word "Negro" thereby opening the doors at Morris to students of all ethnic groups.

In 1974, Dr. Luns C. Richardson became President and initiated the longest term of service of any of the College's Presidents. During his tenure in 1978, Morris College achieved the goal of accreditation by the Commission on Colleges of the Southern Association of Colleges and Schools to award baccalaureate degrees. In 1982 the College became a member of The College Fund/UNCF, the nation's largest and most successful black fund-raising organization.

Accreditation and UNCF membership launched the College into an era of remarkable growth and development during the 1980's and 1990's. During this period, the College built or renovated more square feet of building space than had been established during the entire first seventy years of its history. Among the new facilities were a Learning Resources Center, a Fine Arts Center, a Human Development Center, a Chapel and Religious Center, and the College's first full-scale Student Center. Some of this new construction and renovation was a response to the terrible destruction that the College suffered in 1989 as a result of Hurricane Hugo. In spite of the widespread damage, the College was able to reopen within a few days, and all students were able to complete their work without a loss of credits.

The growth years of the 1980's and 1990's were also accompanied by the initiation of new academic programs including Broadcast Media, Christian Education, Criminal Justice, Pastoral Ministry, Recreation Administration, and the initiation of an ROTC Program. In 1996 the College introduced a successful new program in Organizational Management which is offered during evening and weekend hours to older students with full-time jobs who wish to resume their earlier college careers and complete a college degree. The era of the 1990's was also marked by a substantial expansion of new technologies on the campus with the establishment or expansion of five computer laboratories and the capacity to allow every student to have access to the Internet.

In 2010 the College embarked on a new era of expansion as the result of a gift of $10,000,000 from the Rev. Solomon Jackson, Jr., a student in the former School of Religion. Funds from this gift will be used to construct a
new administration building, a new residence hall, and a new maintenance building; provide matching funds for a new student health services center; and expand various categories of endowment.

Morris College has more than justified the faith, the labors, and the sacrifices of its founders, and the services that it has rendered have been extensive and beyond value. From its beginning, the College has been a center for training ministers and teachers for the pulpits and schools of the state and of the nation, and its graduates have added to the ranks of professionals and business persons. Hundreds of African-American youth who would otherwise have never attended college have received at Morris College the benefits of higher education. Many communities and state agencies have used the facilities of the College to carry out programs of general welfare and of social uplift. Morris College thus occupies a unique and significant position in the American social order as one of the few senior colleges built and operated solely under the auspices of African-Americans. As such it represents a distinct contribution to American education and society.

DRESS AND GROOMING

DRESS CODE:
Morris College expects and requires its students to dress appropriately and in a manner that will project the social image that their status suggests. Neatness in appearance and personal cleanliness are most important in determining what impression the student will make on fellow students and professors as well as on visitors who may be in the buildings. Understanding and employing these attributes not only improve the quality of one's life and contribute to optimum morale, they also play a major role in instilling a sense of integrity and an appreciation for values and ethics.

Clothing must be properly worn (belts buckled, shirts buttoned, pants must be worn above the hips where undergarments are not visible) and must be decent and clean at all times. Clothing with derogatory, offensive and/or lewd messages either in words or pictures is inappropriate academic attire.

Halter tops, crop tops, “wife beaters”, and shorts, skirts or dresses (with splits) higher than three inches above the knee in the front and back are inappropriate academic attire and should not be worn while attending classes, performing work-study assignments, and attending assemblies and other college functions. In addition, biker shorts, spandex shorts, or any excessively tight clothing is considered improper attire. Hats, do-rags, bandanas, or any head cover for men are also inappropriate in the dining hall, classroom, offices, or at formal College activities, including assemblies. Women are not allowed to wear bed or sleep bonnets to class, the dining hall, library, assemblies and other College functions.

Students are not allowed to wear pajamas/lounge pants or other items classified as sleep wear to class, the dining hall, library or any area of
business on campus. When in doubt concerning appropriate attire, consult with residence directors or the Office of Student Affairs.

Each student is requested to respect and comply with the dress code.

**HEALTH SERVICES AND INSURANCE**

All students are encouraged to have a medical record that includes immunization for measles, mumps and rubella on file in the Health Center. A physical is required on any and all students who are planning to participate in any of the college’s sports. All students are given the opportunity to choose insurance coverage through the college’s health plan or if they have coverage prior to coming to Morris they may go the student insurance website and opt out of the college’s plan. If a student decides to drop or enroll in the college’s insurance plan at the end of the semester, he/she must go online and change their status. Coverage for the Fall Semester begins in August and ends in December. Spring Semester coverage is from January through Summer School.

A schedule of benefits can be obtained from the Office of Health Services. The health program is coordinated by the Director of Health Services. Illnesses that cannot be treated in the health room are referred out to the Colonial Family Urgent Care, which accepts the college’s insurance. Illnesses occurring after the Health Center has closed should be reported immediately to the residence hall director or the assistant hall director on duty. The residential life staff on duty may, in turn, contact the director of health services.

Parents will be notified immediately if a student receives a serious injury, is admitted to the hospital or is confined to the residence hall for more than two consecutive days due to an injury or an illness.

**HEALTH POLICY STATEMENT**

Prior to enrolling, all students are required to submit to the College a complete medical record on an official Morris College medical form. Accurate completion of the medical form is of particular importance for students with major and ongoing medical problems or problems requiring specialized care. The information on the medical form is essential for College personnel to assess and identify appropriate and effective treatment or make proper referrals in emergency situations. Morris College is also required by federal law to have this information on file for every full-time student enrolled.

In addition to completing the initial medical record form, students participating in intercollegiate athletics are also required to have annual medical examinations.

Students who have medical problems that are not included on the Morris College Health Form are required to report such conditions to the College Health staff. All health information is confidential and will be used only by proper health and college officials.
Again, all students must be immunized against rubella, mumps, and measles. Students should not attend classes until they have satisfied this regulation.

**SERVICES FOR STUDENTS WITH DISABILITIES**

Morris College is committed to ensuring that educational programs are accessible to all qualified students in accordance with the provisions of Section 504 of the Rehabilitation Act of 1973 and expanded by Title III of the Americans with Disabilities Act of 1990 (ADA). To guard against discrimination on the basis of disability, reasonable and appropriate accommodations, academic adjustments, and/or auxiliary aids are determined on a case-by-case basis for students who have a demonstrated need for these services.

It is the student's responsibility to initiate any request for accommodation due to a qualifying disability. Prospective students with questions about special needs or accommodations should contact the Director of Admissions and Records or the Dean of Student Affairs. Once enrolled, the Office of Student Affairs is the point of contact for students with physical, psychological, and learning disabilities.

The Dean of Student Affairs confers with students on an individual basis, then together with other College personnel as needed, determines appropriate accommodations and identifies needed resources. Accommodations are designed to meet the student's needs without fundamentally altering the nature of the College's instructional programs. Since arrangements for reasonable accommodations may require several weeks of preparation, students seeking admissions to the College and who wish to request special services should contact the Dean of Student Affairs Office as soon as possible after admission.

Students with disabilities who seek accommodations from Morris College must present current documentation from a certified professional to the Office of Student Affairs. The College will use this documentation as a guide to develop an appropriate and supportive plan for the student. Additional information regarding services provided by the College to enrolled students with disabilities is available in the Office of Student Affairs.
COUNSELING

The Morris College Counseling Center is a welcoming and confidential place, which is eager to assist students in learning how to function successfully in their academic lives. The Counseling Center provides students with a safe environment where personal concerns can be openly explored and discussed with a professional counselor.

The Counseling Center provides the following services in an atmosphere of respect and confidentiality:

- Individualized counseling
- Group counseling
- Enrichment workshops and seminars
- Crisis Intervention and Emergency Services

Students and members of the community, desiring to enter graduate school, should know that Morris College has been established as a computer-based, controlled testing center for the MAT (Miller Analogies Test). Anyone interested in taking the test may come to or call the Counseling Center to obtain information about the MAT as well as a testing schedule.

The Morris College Counseling Center is located on the 2nd Floor of the Mable K. Howard building. We have a full-time counselor who is available Monday – Friday 9:00 a.m. – 5:00 p.m. The telephone number is 934-3459 or 3457. Services are available by appointments and walk-ins to all members of the campus community. The Counseling Center accepts referrals from faculty,
staff, and students. All services provided through the center are free of charge and a policy of strict confidentiality is maintained.

**RELIGIOUS LIFE**

Religious activities at Morris College emphasize moral and spiritual values, which are necessary for one’s total development.

These activities provide opportunities and experience for worship, spiritual enrichment and personal growth.

College assemblies are held every Thursday at 10:00 A.M. Many of these assemblies are student-centered and provide an excellent opportunity for students to develop methods of presentation and vital communication skills.

**Attendance at all Convocations, Presidential Assemblies, and the Pre-Christmas and Pre-Easter Worship Services is mandatory for all members of the College Family. Freshman students are required to attend all assemblies during both semesters of the freshman year. Freshman attendance at assemblies will be monitored by Speech and Orientation instructors. Assembly attendance will be included in the overall class evaluation.**

Sunday School is held each Sunday morning at 9:00 A.M. Midweek worship/prayer services are held each Wednesday at 6:00 P.M. and are
included in the religious life activities. Activities provided by the Baptist Student Union and the Gospel Choir also enhance the religious life of the College community.

A highlight in the religious activities schedule is Religious Emphasis Week. An annual spring observance, Religious Emphasis Week gives the College community an opportunity to place special emphasis on worship and religious ideals.

**A DRUG-FREE AND ALCOHOL-FREE WORKPLACE PROGRAM FOR EMPLOYEES AND STUDENTS**

The Drug-Free Schools and Communities Act Amendments of 1989 require that for Morris College to continue receiving Federal funds, it must certify to the U.S. Department of Education that it has adopted and implemented a program to prevent the illicit use of drugs and the abuse of alcohol within the campus area by any of its employees or students. This notice certifies that Morris College subscribes to a program designed to keep its campus drug-free and alcohol-free and places in operation this policy and program. It is unlawful for any employee, officer or student at the college to manufacture, distribute, dispense, possess or use a controlled substance on the college property or as part of the college's activities. A violation of this policy resulting in a conviction will subject the employee to termination of employment and will subject the student to suspension or expulsion.

In accordance with Federal laws and/or the laws of the State of South Carolina, persons convicted of the first offense of unlawful possession of crack cocaine (less than one gram) shall be imprisoned for 2 to 5 years and fined $5,000 with the penalties doubling for the second offense and tripling for the third offense. Persons convicted of the first offense of unlawful possession of cocaine, LSD, opium, opiates and certain other Schedule I and II narcotic drugs shall be imprisoned for 2 years and fined $5,000. Persons convicted of the first offense of unlawful possession of more than 28 grams of marijuana shall be imprisoned for 1 year and/or fined between $200 and $1,000. Persons convicted of the first offense of unlawful possession of 28 grams or less of marijuana shall be guilty of a misdemeanor and sentenced in a Magistrate's Court.

In accordance with Federal laws and/or the laws of the State of South Carolina, persons convicted of the first offense involving the unlawful manufacturing, distributing, dispensing, or possessing with the intent of distributing drugs shall be subject to even stronger penalties. A first offense involving crack cocaine shall result in imprisonment for 15 to 20 years and a $25,000 fine. A first offense involving cocaine, heroin, LSD, opium, and certain other Schedule I and II narcotic drugs shall result in imprisonment for
15 years and a $25,000 fine. A first offense involving marijuana in amounts of one ounce to ten pounds shall result in imprisonment for 5 years and/or a $5,000 fine.

In accordance with the laws of the State of South Carolina, persons convicted of the first offense of driving under the influence of alcohol shall serve from two to thirty days in jail or be fined $200.

There are also many social and economic risks that are associated with the use of illicit drugs and with the abuse of alcohol, and some of these include:

1. **Resorting to Criminal Behavior:** The substance abuser is forced to resort to crime (robbery, burglary, prostitution) to obtain the funds to support his or her growing addiction to either drugs or alcohol. Drug addiction habits can cost $500 per week or more to sustain.

2. **Loss of Job:** The substance abuser begins to care less and less about his or her performance on the job and more and more about acquiring drugs or alcohol. Eventually the abuser’s employment is terminated, and with a growing number of employers resorting to drug testing as a pre-employment requirement, it becomes very difficult for the substance abuser to again find employment.

3. **Loss of Relationships with Family and Friends:** The substance abuser begins to care less and less about relationships with the spouse, children, other relatives and friends and more and more about acquiring drugs or alcohol. This leads to a breakdown in family and social relationships and a loss in the sense of self-worth and esteem that the individual needs to gain fulfillment from life.

4. Cirrhosis or hardening of the liver which causes the liver and other parts of the body to malfunction.

5. Alcoholism, malnutrition and anemia which could lead to brain damage or fatal physiological breakdown.

Employees or students who currently have a problem with drug abuse or alcohol abuse should pursue programs of counseling, treatment or rehabilitation to assist them in overcoming the problem before they are subject to the penalties previously indicated for such abuse. The referral and counseling process should begin with the family physician and the services provided through the college’s health insurance program.

The services of other public and private agencies may also be utilized.
The principal counseling, treatment and rehabilitation agencies that are available to employees and students of the college are listed below.

**SMOKE FREE POLICY**

The compelling scientific findings, as summarized by the United States Surgeon General (1986) (See Footnote 1) and the Environmental Protection Agency (1989), (See Footnote 2) 1992, indicate that the simple separation of buildings into "smoking" and "nonsmoking" sections does not eliminate the unequivocal health risks that result from Environmental Tobacco Smoke. In light of these findings, Morris College is committed to eliminating harmful exposures to environmental tobacco smoke unwanted by students, faculty, staff, and visitors, and adopts the following Smoke-Free policy. The Smoke-Free policy applies to all Morris College facilities, owned or leased, regardless of location.

1. Smoking or vaping will not be permitted in any enclosed place, including private residential space within campus housing. This policy applies to all students, faculty, staff, and visitors.
2. Smoking or vaping shall only occur in designated areas (20-25 feet from all entrances) or smoking zones outside any enclosed area where smoking is prohibited so as to insure that second hand smoke does not enter the area through entrances, windows, ventilation systems or any other means.
3. Cigarettes, vaping, and other tobacco products will not be sold on campus grounds.
4. This smoke-free policy applies to all Morris College facilities and vehicles, owned or leased.
MORRIS COLLEGE DRUG EDUCATION/TESTING PROGRAM

Introduction
Morris College desires to maintain a drug-free environment that allows students to achieve maximum success in their academic, social and personal development. The college recognizes that students may turn to drugs in the belief that in the short-run they will perform better in the classroom, in their athletic and non-athletic activities, and in their social relationships. However, students need to be made aware that in the long-run drug use leads to dependency that clouds the mind and thus makes it difficult to participate in student activities and athletics, that disrupts normal behavior and thus destroys social relationships, and that wastes money and thus reduces the chance of meeting the financial requirements of a four-year college degree.

For athletes, performance affecting drugs undermine the integrity of athletic competition which is grounded on the principle that athletic achievement is the result of individual and team ability, training, and motivation. Tolerance of drug abuse by student athletes encourages other athletes to use drugs. Athletes' use of drugs may also pose a risk of injury or even long term harm to self and others. In addition, drug use by student athletes damages the Institution in the eyes of the public.

The Morris College Drug Education/Testing Program is designed as a preventive measure based on the assumption that through proper education many students will refrain from the use of dangerous substances and that substance abusers will secure help in dealing with the problem.

PROGRAM PURPOSE
The purpose of the Morris College Drug Education/Testing Program is to deter and detect the use of non-prescription drugs that undermine the equality of a student's academic, social and athletic performance as well as a student's physical well-being.

PROGRAM OBJECTIVES
The objectives of the Morris College Drug Education/Testing Program are as follows:

To improve the physical health of Morris College students.
To prevent drug use among Morris College students through the preventive strategy of drug education.
To improve class attendance and academic performance.
To provide a stronger and more productive student.
PROGRAM COORDINATION
The Morris College Drug Education/Testing Program is coordinated by the College's Health Services and Office of Counseling staff.

PROGRAM PARTICIPANTS
The Morris College Drug Education/Testing Program is available to all Morris College students. All students are required to be involved in one or more aspects of the Program. The Drug Testing Program phase is available to student athletes.

PROGRAM COVERAGE
The Morris College Drug Education/Testing Program coverage includes:

A. DRUG EDUCATION
   Drug education seminars Alcohol/Drug Awareness
   Information pamphlets Week Observance
   Drug film series Lectures
   Drug education Residence Hall Series
   Resource personnel from community agencies

B. DRUG TESTING
   Random urine testing of College athletes

PROGRAM IMPLEMENTATION DATE
The Morris College Drug Education/Testing Program was implemented during the Spring Semester, 1987.

INTERCOLLEGIATE ATHLETIC PARTICIPATION
Athletics is an integral part of the educational process at Morris College. However, participation should not impede the student's academic progress. Academics and athletics work toward the betterment of the student's growth and development.

Athletes participating in a particular sport during the term of their Cooperative Education or Student Teaching are required to forfeit their participation in that sport's training and intercollegiate competition when it conflicts with their educational schedules.

The College maintains intercollegiate athletic teams for men and women in basketball, track, and cross-country; baseball teams for men; and softball and volleyball teams for women.

Freshman Rules

If the student recently graduated high school, they must meet two of these three requirements:
• Achieve a minimum overall high school GPA of 2.0 on a 4.0 scale.
• Graduate in the top half of your high school class.
• Achieve the NAIA's minimum test score requirement (only one test score is required):

DRUG TESTING PROCEDURES FOR STUDENTS PARTICIPATING IN INTERCOLLEGIATE ATHLETICS

Morris College students who choose to participate in intercollegiate athletics are required to also participate in the College's drug testing program. This requirement has been established by the National Association of Intercollegiate Athletics (NAIA) and applies to Morris College as well as to all other colleges that are members of the NAIA. The program is designed to enhance the overall athletic program at the College and should not be regarded by student athletes as punitive or threatening. The college's health staff or athletic staff is available to discuss with a student athlete any aspect of the testing program that requires clarification.

The drug testing procedures are as follows:

A. The athlete reads and signs the Student Consent and Release of Liability Form. (Prior to signing, the athlete is free to ask questions about any aspect of the program that he/she does not understand.)

B. Athletes are selected for testing at random and informed of their selection by the Athletic Director.

C. Once selected, the athlete is requested to report to the Health Center at a given time and date. The health staff provides a specimen collection bottle and receives a urine specimen from the athlete.

D. The specimen is carefully coded to assure confidentiality and is forwarded to a licensed medical laboratory for testing.

E. Screening results are returned to the health staff and are made available to the athletic director and other College staff members on a need-to-know basis only.
F. Screening results are made available to the athlete and to the parents of a dependent athlete.

G. Athletes whose test results are positive are notified by the Athletic Director, and all such athletes are temporarily suspended from all participation in intercollegiate athletics pending a follow-up urinalysis at a time arranged by the Athletic Director. During the temporary suspension period, the athlete will be counseled at least once by the Athletic Director and once by the College Nurse or Physician.

H. Should an athlete receive a second positive result, he/she is suspended from sports participation and will be referred to the Dean of Student Affairs.

AIDS POLICY AND PROGRAM OF EDUCATION

INTRODUCTION

In response to the epidemic of infection with Human Immunodeficiency Virus (HIV) which causes the Acquired Immunodeficiency Syndrome (AIDS), Morris College has established the following policy and education program.

In the campus environment, many students are faced with new independence, self-determination, and strong peer pressure to adopt certain behaviors. For some students, an uncertain sense of identity and self-esteem can further complicate decision-making. Experimentation with sexual behaviors and/or drug use may put college students at a great risk of infection. Young adults often feel invincible and tend to deny personal risk. Many students believe that HIV infection and AIDS are problems faced elsewhere or are concerns only for "other kinds" of people. The prolonged latency between infection with HIV and the eventual development of full-blown AIDS will promote the relative invisibility of the infection, an effect which will seem to validate the myth among members of the college community that "it cannot happen here."

Morris College recognizes that AIDS can happen anywhere. As a result, the college is committed to providing an environment in which everything possible is done to prevent its students, staff, faculty and administration from being infected, to limit the consequences of established infections, to provide compassionate safeguards for all concerned, and to assure that the rights of an identified victim of AIDS are upheld.

PROGRAM OBJECTIVES

1) Provide current reliable up-to-date materials and information to the College community relative to action that will prevent the occurrence and spread of AIDS.

2) To assure a safe environment for all students, faculty and staff.

PROGRAM COVERAGE

-Semester AIDS Seminars
-Current Resources Listings
-Counseling and Referrals
-Film Features
-HIV Antibody Testing (upon request only)
SUPPORT SERVICES

HANDICAPPING SERVICES
Persons with AIDS or other manifestations of HIV infection will be considered as having handicapping conditions and will be entitled to whatever support services are provided for other members of the college family who possess handicapping conditions. Such students are allowed regular classroom attendance in an unrestricted manner as long as they are physically and mentally able to do so.

HOUSING
Decisions regarding college housing will be made on a case-by-case basis. Generally, when space permits, such students will be housed in private rooms. This is done to protect the health of the immunodeficient student from exposure to certain contagious diseases.

MEDICAL RECORDS
While the institution will not routinely ask students to respond to questions about the existence of HIV infection, students or employees with HIV infection should inform the College's Director of Health Services to enable the college to provide proper education, counseling and support. Such information will be kept strictly confidential in accordance with the college's policy on confidentiality of records.

IMMUNITY
Persons known to have immune deficiencies are excused from Morris College's requirements for measles and rubella vaccinations.

HIV ANTIBODY
Morris College Health Services will refer students or employees requesting HIV antibody testing to proper sources. Such persons will receive counseling services prior to such referrals. Such testing services will be in keeping both with college policies and South Carolina public health laws. Where such tests are performed, the following rules will apply:

1) Tests will be strictly confidential or anonymous and will be administered only on a voluntary basis.

2) Positive results on the screening test (ELISA test) will be confirmed by another procedure.

3) Both pre-test and post-test counseling will be given.

Students awarded FCWS may also be assigned to positions involving Community Service Employment. The College is required to utilize at least seven percent of its FCWSP allocation for compensation of Community Service.

**SOUTH CAROLINA HIGHER EDUCATION TUITION GRANT**

The Tuition Grants Program is administered by the S.C. Tuition Grants Commission and is made possible through an annual appropriation by the S.C. General Assembly. The purpose of the program is to provide undergraduate grant assistance to eligible South Carolina residents attending, on a full-time basis, certain independent non-profit colleges located in the state. Every financial aid applicant who is a legal resident of South Carolina is eligible to apply for the Tuition Grant. Students must meet the prescribed academic standards to receive this grant. Freshman applicants must rank in the upper three-fourths of their high school class or score 900 or above on the Scholastic Aptitude Test (SAT) or have a "C" average in the diploma requirement courses. An upperclassman Tuition Grant applicant is required to satisfactorily complete (pass) during the prior year (or during the last period of full-time enrollment) twenty-four credit hours (prorated for the time of enrollment if less than a full academic year).
The Commission on Higher Education proposes to amend and replace in its entirety R.62-300 of the Palmetto Fellows Scholarship Program. Beginning with the 2002-03 academic year, the amendments will increase the Palmetto Fellows Scholarship from a maximum annual award amount of up to $5000 to $6700 per academic year. The regulation also includes language that will allow students who are pursuing a program of study that is structured so as not to require a baccalaureate degree to receive the scholarship for up to eight terms (or its equivalent).

Purpose of the Palmetto Fellows Scholarship Program

Pursuant to Act 458 which was initially established as Title 59 of the 1976 Code as amended under Section 18A.28 of the 1997-98 Appropriations Bill, the Commission on Higher Education shall promulgate regulation and establish procedures to administer the Palmetto Fellows Scholarship Program. The General Assembly established the Palmetto Fellows Scholarship Program to foster scholarship among the State's postsecondary students and retain outstanding South Carolina high school graduates in the State through awards based on scholarship and achievement. The purpose of the Palmetto Fellows Scholarship Program is to recognize the most academically talented high school seniors in South Carolina and to encourage them to attend eligible colleges or universities in the State. A secondary purpose is to help retain talented minority students who might otherwise pursue studies outside the State.

Student Eligibility

A. In order to qualify for consideration for a Palmetto Fellows Scholarship, a student must:

1. Be enrolled as a senior in a public or private high school or any other high school program of study approved and certified by that school district as conforming to relevant State Statute at the time of application and be a legal resident of South Carolina as defined in applicable State Statute governing the determination of residency for tuition and fee purposes at the time of college enrollment;

2. Be a U.S. citizen or a permanent resident that meets the definition of an eligible non-citizen under State Residency Statute;

3. Meet the following three criteria: a minimum score of 1200 on the Scholastic Assessment Test (SAT) or an equivalent ACT score, and a cumulative 3.5 grade point ratio (GPR) on the Uniform Grading Scale at the end of the junior year, and rank in the top five percent of the class at the end of either the sophomore or the junior year. Qualifying scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline;

4. Be seriously considering attending, have applied, or have been accepted for admission to an eligible four-year baccalaureate-granting public or independent college or university in South Carolina as defined
under Chapter 143 and Chapter 113 of Title 59 of the 1976 Code as a first-time, degree-seeking student;

5. Certify that he/she has not been adjudicated delinquent, convicted, or pled guilty or nolo contendere to any felonies, alcohol, or drug related offenses under the laws of this or any other state or under the laws of the United States by submitting a signed affidavit each academic year to the institution testifying to the fact, except that a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or nolo contendere of an alcohol or drug related misdemeanor offense is only ineligible for the next academic year of eligibility after the date of the adjudication, conviction or plea; and

B. The high schools shall ensure that all students meeting the eligibility criteria are given the opportunity to be included in the applicant pool.

C. A high school student who transfers into the State or a student who is enrolled in a high school outside of South Carolina is eligible to participate in the program providing that the student meets all eligibility requirements as described herein as well as all residency requirements as described in the "Program Definitions" Section above. A transfer student from, or a student enrolled in, an out-of-state high school may apply on the condition that the counselor or principal at the high school at which the student is presently enrolled provides official high school transcripts and appropriate documentation of compliance with all eligibility criteria, including State residency status, SAT score or equivalent ACT score that are certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship application deadline, GPA at the end of the junior year, and rank at the end of either the sophomore or the junior year in high school. The high school principal or counselor must identify each eligible student and provide an application to each student.

D. A high school student who graduates immediately after the high school junior year is eligible to apply for the Palmetto Fellows Scholarship, providing that the student meets all eligibility requirements as described in the "Student Eligibility" Section, and providing that the student is entering a participating college or university not later than the fall term immediately following high school graduation.

E. Students receiving a Palmetto Fellows Scholarship are not eligible for a LIFE or HOPE Scholarship.

F. Any student who attempts to obtain or obtains a Palmetto Fellows Scholarship through means of a willfully false statement or failure to reveal any material fact, condition, or circumstances affecting eligibility will be subject to applicable civil or criminal penalties, including loss of the Palmetto Fellows Scholarship.

62-320 Student Application
A. The Commission on Higher Education will send information regarding the application process to South Carolina high schools. High school officials will identify students who meet the following three criteria: SAT score or equivalent ACT score, and GPR at the end of the junior year, and rank in the high school sophomore or junior class. Applications must be submitted no later than the established deadline along with the appropriate official signatures and the students' official transcripts by the principals to the Commission on Higher Education.

B. The high schools shall complete and return a list to the Commission on Higher Education indicating the names of all students who meet the eligibility criteria according to the high school. Both the high school principal and guidance counselor must sign the list. The list shall indicate whether the student is submitting a completed application or declining the opportunity to submit an application. If the student declines the opportunity to submit an application, the high school will submit a form for each of these students, signed by both the student and the parent/guardian, and indicating the reason(s) for not submitting an application.

C. Students must have certification that they earned a cumulative 3.5 GPR on the Uniform Grading Scale at the end of the junior year.

D. Students must have certification that they rank in the top five percent of their high school class at the end of either the sophomore or the junior year.

E. For those high schools that have fewer than twenty students in the class, the high school can submit up to two applications (an application for the student who is ranked number one in the sophomore class and, if different, an application for the student who is ranked number one in the junior class). For those high schools that have fewer than forty students but greater than twenty students in the class, the high school can submit up to four applications (up to two applications for the students ranked number one - one for the student who is ranked number one in the sophomore class and, if different, one for the student who is ranked number one in the junior class; and up to two applications for the students ranked number two in the class - one for the student who is ranked number two in the sophomore class and, if different, one for the student who is ranked number two in the junior class). These students must meet all other eligibility criteria.

F. Students must have certification that they earned a score of at least 1200 on the SAT, or an equivalent ACT score. The Commission on Higher Education shall convert all ACT scores to the equivalent SAT scores.

G. Qualifying test scores must be certified by the high school on the Palmetto Fellows Scholarship application by no later than the scholarship deadline. It is permissible to select a verbal score from one test administration and a math score from a different test administration in order to obtain the qualifying test score.
LEGISLATIVE INCENTIVES FOR FUTURE EXCELLENCE (LIFE) SCHOLARSHIP

The South Carolina Commission on Higher Education proposes to add in its entirety R.62-900 of the Legislative Incentives for Future Excellence (LIFE) Scholarship Program. Bill H.4879 authorizes funding for scholarships up to the cost-of-tuition, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (Maximum $5,000 including cost-of-tuition plus book allowance) for students attending a four-year public institution. Eligible students attending a four-year independent institution may receive funding to cover the cost-of-attendance up to a maximum of the average annual cost-of-tuition at the state's four-year public institutions, not to exceed four thousand seven hundred dollars, plus a three hundred dollar book allowance (Maximum $5,000 including cost-of-tuition plus book allowance). The law authorizes the Commission on Higher Education to promulgate regulations to administer and set forth the terms of the LIFE Scholarship Program.

Student Eligibility

A. To be eligible for a LIFE Scholarship, students must:

1. Be a U.S. citizen or a permanent resident that meets the definition of an eligible non-citizen under State Residency Statute;

2. Be a South Carolina resident for in-state purposes at the time of enrollment at the institution, as set forth by section 59-112-10, and be either a member of a class graduating from a high school located in this State, a student who has successfully completed at least three of the final four years of high school within this State, a home school student who has successfully completed a high school home school program in this State in the manner required by law, or a student graduating from a preparatory high school outside this State, while a dependent of a parent or guardian who is a legal resident of this State and has custody of the dependent according to State Statute, Section 59-149-50A;

3. First-time entering freshman at four-year eligible institutions must meet two of the following three criteria:

   a. Earn a cumulative 3.0 grade point ratio (GPR) based on the Uniform Grading Scale (UGS) upon high school graduation. No other grading policy will be allowed to qualify for the LIFE Scholarship. Grade point ratios must be reported to two decimal places (minimum) and may not be rounded. For example, a student who
earns a 2.99 GPR is not eligible. Institutions shall use the final GPR as reported on the official transcript.

b. Score at least an 1100 on the Scholastic Assessment Test (SAT I) or an equivalent ACT score of 24. Test scores will be accepted through the June national test administration of the SAT and ACT during the year of high school graduation. The student must use the highest SAT Math score combined with the highest SAT Critical Reading score (formerly known as the Verbal score). It is permissible to select scores from different test administrations in order to obtain the qualifying composite score. Students cannot use both Critical Reading and Writing subsection scores to meet the minimum 1100 SAT score.

c. Rank in the top thirty percent of the graduating class consisting of high school diploma candidates only. The rank must also be based on the UGS only. Ranking percentages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who has a class rank of 13 of 43 (13/43 x 100 = 30.23%) will not rank in the top thirty percent of the class since 30.23% is not within 30 percent. To determine the top thirty percent for graduating classes with three or less students, the student who is ranked number one in the class would be considered in the top thirty percent for LIFE Scholarship eligibility. Institutions shall use the final ranking as reported by the high school on the official transcript.

Students who are eligible for or are recipients of a LIFE Scholarship cannot receive a Palmetto Fellows Scholarship, SC HOPE Scholarship or Lottery Tuition Assistance.
The South Carolina HOPE Scholarship, established under the South Carolina Education Lottery Act, was approved by the General Assembly during the 2001 legislative session and signed into law on June 13, 2001. Act 356 authorizes funding for scholarships to cover the cost of attendance, up to a maximum of two thousand six hundred fifty dollars (includes a $150 book allowance) to eligible students attending four-year public and independent institutions in South Carolina. The purpose of the SC HOPE Scholarship program is to provide funding to students who graduate from high school with a 3.0 cumulative grade point average, but are not eligible to receive the LIFE or Palmetto Fellows Scholarships. Act 356 authorizes the Commission on Higher Education to promulgate regulation for administration of the SC HOPE Scholarship Program.

Funds made available for SC HOPE Scholarships under the South Carolina Education Lottery Act, shall be included in the annual appropriation to the Commission on Higher Education. This program is dependent upon the annual proceeds generated by the lottery. The Commission on Higher Education shall award funds to eligible students as SC HOPE Scholarships.

Student Eligibility

A. To be eligible for a SC HOPE Scholarship, students must:

(1) Be a U.S. Citizen or a permanent resident that meets the definition of an eligible non-citizen under State residency statutes;

(2) Be a South Carolina resident for in-state tuition purposes at the time of enrollment at the institution as set forth by Section 59-112-10 and graduated from a high school according to State Statute, Section 59-149-50A.

(3) Earn a 3.0 cumulative grade point average (GPA) on a 4.0 scale. Grade point averages must be reported to two decimal places (minimum) and may not be rounded. For example, a student who earns a 2.99 GPA is not eligible. A student who earns a 3.00 GPA or above is eligible. Until 2004, students may qualify for the SC HOPE Scholarship using the Uniform Grading Scale (UGS) or the grade point calculation policy approved by the school district. Institutions shall use the final GPA as reported by the high school. If a weighted GPA is provided, the institution shall use the high school's weighted GPA based upon the approved policies of the school district in determining whether the student meets the "B" average. The high school must specify which grading scale was used. If more than one grade point average is reported by the final official transcript, the institution may use the grading scale that would be to the student's advantage. Beginning with students graduating in 2004, scholarship eligibility is based upon the UGS only. No other grading policy is allowed to qualify for a State scholarship.
(4) Be admitted, enrolled full-time, and classified as a degree-seeking undergraduate student in an eligible institution in South Carolina; and

(5) Certify that he/she has not been adjudicated delinquent, convicted, or pled guilty or nolo contendere to any felonies, alcohol or other drug related offenses under the laws of this or any other state or under the laws of the United States by submitting a signed affidavit each academic year to the institution testifying to the fact, except that a high school or college student who has been adjudicated delinquent, convicted, or pled guilty or nolo contendere of an alcohol or other drug related misdemeanor offense is only ineligible for the next academic year of eligibility after the date of the adjudication, conviction or plea.

B. Students who complete their high school graduation requirements prior to the official graduation date reported on the final high school transcript may be eligible to receive the SC HOPE Scholarship pending approval of the Commission on Higher Education (CHE). The institutional representative must complete and submit an Early Graduation Application Form and all appropriate documentation as deemed necessary by CHE for each student. The student must request and submit a letter from the high school principal verifying that he/she has met all graduation requirements.

C. Early graduates who enroll mid-year and are classified as degree-seeking will officially begin their initial college enrollment.

D. Students receiving a SC HOPE Scholarship are not eligible for a LIFE or Palmetto Fellows Scholarship.

E. Students who meet all eligibility requirements for the SC HOPE Scholarship are eligible to receive scholarship funds for the freshman year of attendance only.

SC HOPE Scholarship awards are to be used only for payment toward the cost-of-attendance as established by Title IV regulations. The award amount shall not exceed two thousand six hundred fifty dollars (includes $150 book allowance) during the freshman year only. The SC HOPE Scholarship in combination with all other grants and scholarships shall not exceed the cost-of-attendance as defined in Title IV regulations for any academic year.

WILLIAM D. FORD
FEDERAL DIRECT STUDENT LOAN (FDSL)

The William D. Ford Federal Direct Student Loan Program, which was established by the Student Loan Reform Act of 1993, provides a new way for students and their parents to borrow money to pay for education after high school.

Morris College participates 100 percent in the Federal Direct Student Loan Program. All applicants requesting a Student or a Parent Loan must
apply for it under this new loan program. This program enables the student or parent to borrow directly from the U.S. Department of Education. (Under the Federal Family Education Loan Program, the loans are made through a private lender and a guaranty agency.) The federal government has streamlined the process for obtaining a loan by eliminating the private lenders and guaranty agencies.

Students may qualify for a "subsidized" Federal Direct Student Loan based on financial need. The subsidized loans are loans for which the federal government will pay the interest while the student is in school and during specified deferment periods.

Students may qualify for an "unsubsidized" Federal Direct Student Loan regardless of need - that is, regardless of their family's income. However, the federal government will not pay the interest on the unsubsidized FDSL.

Students in the first year (freshmen) may borrow up to $3,500 per academic year, and in the second year (sophomores) may borrow up to $4,500 per academic year. Undergraduates who have attained third- or fourth-year status (juniors and seniors) may borrow up to $5,500 per academic year for a total of up to $23,000 for undergraduate study. The amount a student may borrow, however, will be based upon the recommendation of the College.

Recipients of the Federal Direct Loan begin repayment six months after they cease to be enrolled in a postsecondary institution.

Additional information regarding the William D. Ford Federal Direct Student Loan Program can be obtained through the Office of Financial Aid.

**WILLIAM D. FORD FEDERAL DIRECT PLUS LOAN PROGRAM**

The Federal PLUS Loan Program is designed to assist parents of an undergraduate student to pay the student's educational expenses. Under the Federal Direct PLUS Loan Program, the parent of a dependent student can borrow up to the cost of the student's education minus other financial aid received.

Additional information regarding the Federal Direct PLUS Loan Program can be obtained through the Office of Financial Aid.

**SOUTH CAROLINA TEACHER LOAN PROGRAM (TLP)**

The Teacher Loan Program was authorized to assist state residents who are attending college for the purpose of becoming certified teachers employed in the State's public school system in areas of critical need.

Freshmen and sophomores may borrow up to $2,500 a year. Juniors, Seniors and graduate students may borrow up to $5,000 per year.
For loan recipients who become certified and teach in an area of critical need as determined by the State Board of Education, the loan shall be canceled at the rate of 20% for each full year of teaching up to 100%.

Additional information regarding the South Carolina Teacher Loan Program can be obtained from the Office of Financial Aid or the Division of Education at the College.

**THE COLLEGE FUND / UNCF**

Students attending Morris College are also eligible for various scholarships that are provided through UNCF. The College makes recommendations to UNCF for consideration in awarding various scholarships to eligible students.

Scholarships are awarded based on the student's academic average, financial need, academic major and state of residency. These scholarship amounts range from $200 to $8,000 per year.

Additional information can be obtained through the Office of Financial Aid.

**TEACH GRANT PROGRAM**

**NOTE:** For the TEACH Grant Fact Sheet, visit the following website: www.studentaid.ed.gov/PORTALSWebApp/students/english/TEACH.jsp.

Through the College Cost Reduction and Access Act of 2007, Congress created the Teacher Education Assistance for College and Higher Education (TEACH) Grant Program that provides grants of up to $4,000 per year to students who intend to teach in a public or private elementary or secondary school that serves students from low-income families. If, after reading all of information on this fact sheet, you are interested in learning more about the TEACH Grant Program, you should contact the Financial Aid Office to apply. You must have at least a cumulative 3.25 grade point average.

ACADEMIC
INFORMATION
ACADEMIC POLICIES

ACADEMIC HONESTY POLICY

Academic honesty is expected in all situations at Morris College. Morris College students are expected to have self-confidence, self-respect, and the good judgment to recognize that a sound education requires doing one's own work. Thus plagiarism and other forms of academic dishonesty are the basis for failure, according to the college's policy as follows:

Dishonest work of the following kinds will result in students being penalized:
- Use of any unauthorized assistance in taking quizzes, tests, or examinations;
- Use of any portion of books, papers, or notes copied from any source (including electronic transmission) without acknowledgement;
- Use of bribery, threats, or any other means of coercion to influence any college official, faculty member, or employee responsible for processing grades, evaluating grades or for maintaining academic records;
- Use of forgery, alteration, unauthorized possession, or misuse of College documents pertaining to academic records, including, but not limited to, late or retroactive change of schedule forms and late or retroactive withdrawal application forms;
- Use of any other misleading or dishonest practice.

A report must be initiated and executed within 48 hours by the instructor on the prescribed form, Report of Academic Dishonesty. In case of dishonesty, an instructor may decide to give the student no credit for the assignment in question or for the course as a whole. Depending on the severity of the case, the instructor must submit a written statement to the Office of Student Affairs and the Office of Academic Affairs for further action to be taken. A student may appeal the action by written statement to the Office of Academic Affairs.
CLASS ATTENDANCE

Students are required to attend regularly all classes, for which they are officially registered, and faculty members are required to keep complete and accurate attendance records for all students officially registered in their classes. A student who compiles a record of absences that exceeds twice the number of weekly class meetings will be dropped from the course with a grade of WP or WF. The maximum number of absences permitted for a class that meets four times a week is eight; for a class that meets three times a week, six; for a class that meets twice a week, four; and for a class that meets once a week, two. A student who receives a WP or a WF because of documented extended personal illness or natural disaster such as tornado, hurricane, earthquake, or blizzard may appeal for reinstatement in the class. The letter of appeal must be submitted to the chairperson of the division to which the student is assigned within three work days. The student must continue to attend class until a decision on the appeal is rendered. Students will be excused from class to participate in official activities of the College such as choir engagements, intercollegiate athletic contests, and field trips.

CLASSROOM DISRUPTION POLICY

All students are expected to behave in a mature and orderly manner. Disruptive and/or disorderly conduct will not be tolerated in the classrooms or laboratories at Morris College. After the initial warning, faculty may dismiss from that class period or laboratory a student whose conduct is, in his/her opinion, disruptive. Continuous disruption may result in permanent dismissal from the class in question with a semester grade of F. This includes, but is not limited to, verbal abuse, any kind of harassment, profanity, fighting, destruction of property, chronic or extreme tardiness, or any other interference with classroom activities. Such students will not be permitted re-entry into the class until clearance is obtained from the faculty.
member, the appropriate divisional chair, and/or the Academic Dean. Absences incurred during a dismissal from class will be recorded as unexcused. The length of absence from class shall not exceed two class days (48 hours) from the date of the incident.

In a case involving extremely disruptive behavior, the college reserves the right to take additional disciplinary action through its established judicial process. If a student is found responsible for such violation, the minimum disciplinary action will be probation, while the maximum disciplinary action will be expulsion from the college, dependent upon the gravity of the violation.

**Grading System**

Academic achievement at Morris is indicated by the following letter grades, numerical grades and grade points used in calculating grade-point averages:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage Range</th>
<th>Points</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>(90-100)</td>
<td>4</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>(80-89)</td>
<td>3</td>
<td>Good, above average</td>
</tr>
<tr>
<td>C</td>
<td>(70-79)</td>
<td>2</td>
<td>Satisfactory, average</td>
</tr>
<tr>
<td>D</td>
<td>(60-69)</td>
<td>1</td>
<td>Poor, but passing</td>

<tr>
<td>F</td>

<td>(Below 70)</td>
<td>0</td>
<td>Unsatisfactory</td>
</tr>
<tr>
<td>S</td>
<td>(Above 69)</td>
<td>0</td>
<td>Satisfactory</td>
</tr>
</tbody>
</table>

"U" and "S" grades are used in all non-credit courses.

"I" (incomplete) denotes that the student failed to complete all requirements for a course.

"X" denotes that the student was absent from the final examination.

"X" and "I" grades incurred during the academic year must be removed by the end of the succeeding semester (whether or not the student is enrolled); otherwise the grade of "F" will be recorded on the permanent record.

Similarly, "X" and "I" grades incurred during the summer sessions must be removed by the end of the succeeding semester (whether or not the student is enrolled); otherwise the grade of "F" will be recorded on the permanent record.

"WP" denotes withdrew passing from a course, if the student is performing satisfactorily at the time of withdrawal.

"WF" denotes withdrew failing from a course after the deadline for dropping a course, or because of excessive absences.

"AU" denotes "audit" and is listed in the computer module only.
The following grade symbol is also used but is not included in computing the grade point average.

"W" denotes withdrawal from the College.

Grade Point Average

The grade point average is determined by dividing the total number of quality points earned by the total number of credit hours attempted. In order to receive a degree, a student must attain an overall average of “C” (2.00) and no grade less than “C” in his major and minor areas which are offered to meet graduation requirements. “Major and minors areas” include courses listed in the “Other Required Courses’ section of each program outline, with the exception of JRS 300.

COMPUTING GRADE POINT AVERAGE (GPA)

(B) Determine quality points for each course based on the following

<tr>
<td>A = 4.0 Quality points</td>
<td>B = 3.0</td>

(C) Multiply semester hours attempted for each course by the quality points for each course.

(a) Semester hours attempted (b) Quality points based on grades received (c) Total quality points

\[
(a) \times (b) = (c)
\]
\[
3 \times 3 = 9
\]
\[
3 \times 2 = 6
\]
\[
3 \times 3 = 9
\]
\[
2 \times 3 = 6
\]
\[
1 \times 4 = 4
\]
\[ \frac{3 \times 4}{15} = \frac{12}{46} \] (Total Quality Points)

(D) Divide quality points by hours attempted

\[
\text{GPA} = \frac{\text{Total quality points}}{\text{Total hours attempted}} \\
\text{GPA} = \frac{46}{15} \approx 3.06
\]

***Developmental courses do not count toward graduation, but are used to compute grade point average.

**ACADEMIC PROBATION, SUSPENSION AND DISMISSAL**

Students must maintain a minimum grade point average based on the number of semester hours attempted. The minimum grade point average is as follows:

<table>
<thead>
<tr>
<th>Total semester hours attempted</th>
<th>Cumulative grade point average</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to 24</td>
<td>1.50</td>
</tr>
<tr>
<td>25 to 55</td>
<td>1.70</td>
</tr>
<tr>
<td>56 and above</td>
<td>2.00</td>
</tr>
</tbody>
</table>

**Academic Probation**

The record of each student is reviewed at the end of each semester. For each semester following the semester in which the student fails to achieve the minimum grade point average, he/she is placed on academic probation. A student on academic probation may enroll for no more than 13 semester credit hours and may participate only in academic and academic-related activities.

**Academic Suspension**

After two consecutive semesters of failure to achieve the minimum grade point average, the student will be suspended. A student suspended for academic reasons may not enroll at the College for one full semester; however, he/she may seek approval from the Academic Dean to attend summer school in order to improve his/her cumulative grade point average. The student must present written confirmation of the Academic Dean's approval before he/she will be permitted to register for the summer session.
A student who has been suspended must request readmission to the College at the end of the semester during which he/she was suspended. If readmitted, the student must earn a minimum grade point average of 2.5 in the returning semester and may participate only in academic and academic-related activities.

**Academic Dismissal**

A student who has been previously suspended and who fails to achieve the minimum grade point ratio after being readmitted will be dismissed from the College and will not be eligible to re-enroll.

**COMPUTER USE POLICY**

Morris College’s computer policies seek to achieve the legitimate and proper use of the institution’s computing resources. These policies are intended to legitimately maximize the interests and rights of all computer users.

**Use of Computing Resources:**

Computing resources that are the property of Morris College are intended for support of the instructional and administrative programs of the institution. Examples of computing resources are system and campus computing facilities and networks, electronic mail, Internet services, computer laboratories, office and residence hall work stations, and the College’s databases. **Social Media Policy**

In accordance with applicable laws and regulations, subject to other applicable Morris policies, this policy does not prohibit students from using social media, but does however require students to adhere to the following guidelines. Failure to do so could result in the student being reprimanded by the institution’s judiciary board.

- **Do**
  - Remember that laws and Morris College policies governing inappropriate conduct such as sexual (or other) harassment, bullying, discrimination, defamation, infringement of copyright and trademark rights, and unauthorized disclosure of student records and other confidential and private information apply to communications by Morris College students through social media.
  - Carefully consider the accuracy, clarity, length (brief is better) and tone of your comments before posting them. Posts on social media sites should protect the College's institutional voice by remaining professional in tone and in good taste. Remember, your posts may last forever.
  - Respect the views of others, even if you disagree.
  - Obey the Terms of Service of any social media site or platform in which you participate.
  - Whenever appropriate, share content directly from Morris College’s social media pages rather than duplicating it. When content is directly shared, it is linked back to Morris College’s social media accounts. This facilitates the Marketing Department’s efforts to analyze social media traffic and engagement (e.g. “likes” and comments). In addition, posts originating from Morris College will have the appropriate links attached to bring the viewer back to the website or coordinating landing page.

- **Do Not**
  - Use social media to harass, threaten, insult, defame or bully another person or entity; to violate any College policy; or to engage in any unlawful act, including but not limited to gambling, identity theft or other types of fraud.

- Spread gossip, rumors, or other unverified information. Furthermore, do not assume that everything posted on a social media site is true.
- Post a person’s photograph or video image without first obtaining permission.
  Note: Please keep in mind that photographs posted on social media sites can easily be appropriated by visitors.
- Represent your personal opinions as institutionally endorsed by Morris College. If you are not authorized to post specific content on behalf of the College, then the following disclaimer should appear in your post: “These are my personal opinions and do not reflect the views of Morris College.”
- Expect that your posted content will remain private or that dissemination will necessarily be limited to your intended audience, even if you are accessing your own private account over the Morris College network or using Morris College equipment or peripherals.
- Insult, disparage, disrespect or defame the College or members of the Morris College community.
STUDENT RECORDS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

(1) The right to inspect and review the student's education records within 45 days of the day the College receives a request for access.

Students should submit to the Director of Admissions and Records, Dean of Student Affairs, Dean of Academic Affairs, or other appropriate official, written requests that identify the record(s) they wish to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes are inaccurate or misleading.

Students may ask the College to amend a record that they believe is inaccurate or misleading. They should write the College official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the College decides not to amend the records as requested by the student, the College will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the College in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

A second exception which permits disclosure without consent is disclosure of information normally contained in a student directory. Directory information consists of name, local and home addresses and telephone numbers, dates of enrollment, whether or not a student is enrolled, and degree earned (if any) and date. All other information is considered to be personal and requires the written permission and signature of the student in order for it to be released. If a student does not wish to have any of the directory information released, he/she should notify all offices concerned.

Upon request, the College discloses education records without consent to officials of another school in which a student seeks or intends to enroll. Other conditions in which prior consent is not required to disclose information include requests from state and local officials, organizations conducting studies (provided such studies will not permit identification of students and their parents), and by legal compulsion, such as subpoenas or court orders.

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by Morris College to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605
**MORRIS COLLEGE STANDARDIZED TESTING PROGRAM**

Various standardized tests are administered at different intervals during the student's college career to ensure proper guidance and effective evaluation of the student's achievement at Morris College.

**PLACEMENT TESTING AND DEVELOPMENTAL STUDIES**

Students who plan to enroll at Morris College must take the Accuplacer Next Generation placement test which tests skills in English, mathematics and reading. Based on the results of tests, students may be placed in developmental courses. They must receive a grade of "C" or above in each developmental course in order to proceed to the next developmental or general education course in the sequence. Credit for developmental courses does not count toward graduation or the 15 hours required for academic honors. See the College Catalog for the developmental curriculum.

**CRITERIA FOR ADMISSION TO THE TEACHER EDUCATION PROGRAM**

Pre-candidates, students interested in majoring in education, are to complete an Intent-to-Major-in-Teacher Education form during the first semester of enrollment, pass a basic skills examination, and complete 60-hours of college credit, with a minimum cumulative GPA of 3.00. These criteria must be met before applying for admission to the Teacher Education Program the spring semester of the sophomore year.

South Carolina State law requires all students to pass an entrance exam, Praxis Core Academic Skills for Educators, before applying for admission to a Teacher Education Program. PRAXIS CORE is designed to measure academic skills in reading, writing, and mathematics. Acceptable scores from ACT (22) or SAT (1650+) may be submitted in place of PRAXIS CORE.

The Praxis® Core Academic Skills for Educators Tests consist of three separate tests: Reading Test, Writing Test, and Mathematics Test. Praxis Core tests include objective response questions such as single-selection multiple-choice questions, multiple-selection multiple-choice questions, and numeric entry questions. The Praxis Core Writing test also includes two essay sections.

The Praxis Core tests are delivered on computer and may be taken either as three separate tests on separate days or as one combined test. Individual scores will be reported for reading, mathematics and writing on both the individual and the combined test. Information about the tests and test help may be found at: [http://www.ets.org/praxis/about/core/content/](http://www.ets.org/praxis/about/core/content/). For Registration information, visit [www.ets.org/praxis/register](http://www.ets.org/praxis/register). For more
information, contact the Director of Teacher Education in the H.H. Butler Building, suite 147 or ext. 3207, cgscott@morris.edu.

**TESTING CRITERIA FOR COMPLETING THE TEACHER EDUCATION PROGRAM AND STATE LICENSURE**

South Carolina State Law also requires all candidates to demonstrate their professional knowledge of the area(s) in which they plan to teach. Current law requires that this demonstration be in the form of written assessments. These assessments are known as Praxis II: Subject Assessments and Principles of Learning and Teaching. Candidates must earn passing scores on the appropriate Praxis II: Subject Assessment(s) and Principles of Learning and Teaching prior to Directed Teaching and state licensing to teach.

**JUNIOR TESTING**

Students are encouraged to arrange for and take various standardized tests such as the Graduate Record Examination (GRE), Law School Admission Test (LSAT), Medical College Admission Test (MCAT), Professional Administrative Career Education (PACE) and others.

**SENIOR TESTING**

Student teachers must pass three ADEPT (Assisting, Developing and Evaluating Professional Teaching) observations before graduation. The Praxis Series is required of all students in the Teacher Education Program and must be passed prior to their assignment to student teaching.

All graduating seniors are required to take an exit examination.

**MILLER ANALOGIES TEST (MAT)**

Students desiring to enter graduate school should know that Morris College has been established as a controlled testing center for the computer-based MAT (Miller Analogies Test). As a reasonably priced test administered in 60 minutes, the MAT offers an excellent option for candidates applying to any of the hundreds of graduate programs that accept MAT scores for admission. Students may come to the Office of Counseling or call 934-3259 to obtain information about the MAT as well as a testing schedule.

MILITARY SCIENCE
ARMY RESERVE OFFICER TRAINING CORPS (ROTC)

Military Science

Army ROTC is a co-educational program dedicated to producing college-educated men and women to serve as Officers in the Army, Army National Guard, and Army Reserve in positions requiring a sense of responsibility and varied managerial skills. The program embodies the citizen-soldier concept whereby individuals may serve most of their obligation in reserve status in their home community.

General Information

Army ROTC at Morris College may be completed in two to four years depending upon student qualifications. This time is normally broken into a two-year no-obligation Basic Program and a two-year contractual Advance Program. Students with prior service, JROTC or National Guard/USAR
service may qualify for direct placement in the Advance Program. At the beginning of their junior year, students with at least two years remaining before graduation can also qualify for the Advance Program by attending a five-week Basic Camp offered each summer at Fort Knox, Kentucky. Junior and senior year students participate in a regular program of physical fitness and field training.

**The Scholarship Program**

The Army ROTC Scholarship Program awards two-, three- and four-year scholarships to eligible students on a competitive basis. The Department of Military Science accepts applications for two- and three-year ROTC scholarships throughout the year. Students do not have to be enrolled in ROTC to apply for these scholarships.

Each scholarship pays for full tuition and provides $900 for books and an allowance for lab fees and other educational expenses. The student also receives between $400 and $500 per month depending on their academic status. Students also receive $700 while attending the five-week advanced camp at Fort Lewis, Washington after their junior year.

**VETERANS RESOURCE CENTER**

The Morris College Veterans Resource Center is designed as a mechanism through which the college provides education support programs and services for active members of the United States armed forces, honorably discharged and retired military, as well as their family members.

The result of this type of interaction is a more realistic picture of the world of work. The center prepares students for successful job searches and job interviews, concentrating on the students’ role in these activities. It takes a realistic look at what is actually required in the world of work and what the employer looks for in prospective employees. The center is concerned with students throughout their college experience and with all careers, including those for which graduate study is required. It also serves the needs of faculty, staff and alumni.

5) The right to exercise his/her freedom as a citizen so long as his/her rights do not infringe on the rights of others. In the support of such causes, the student has the responsibility to make clear to the academic and the larger community that he/she speaks only for himself/herself and not for the College.

Special Note To Student Athletes:

Want to Know If You’re Eligible?

It’s easy! You only need to meet two of these requirements:
— Achieve a minimum overall high school GPA of 2.0 on a 4.0 scale.
— Graduate in the top half of your high school class. (More about class rank letters)
— Achieve the NAIA’s minimum test score requirement (only one test score is required):

- **18 composite score on the ACT** for tests taken before March 2016*
  *EXCEPTION: Per NAIA Bylaws V.C.2a, “For ACT tests taken beginning March 2016, a minimum score of 16 will satisfy this requirement. This exception will apply through the 2018-19 academic year, after which time the exception will expire.”
- **860 on the SAT (Evidence-Based Reading and Writing & Math)**

The eligibility of home schooled students follows one of two pathways:

Automatic Academic Eligibility Qualifications

Home school students who complete a home schooling program and meet the minimum NAIA home school ACT or SAT test score are considered to have met the freshman eligibility requirement. **How to send test scores.**

- 18 on the ACT for tests taken beginning March 2016*
- 20 on the ACT for tests taken prior to March 2016*
*Per NAIA Bylaws V.C.2, Note 2: “For ACT tests taken prior to March 2016, a minimum score of 20 is required. This criteria will apply through the 2018-19 academic year, after which time testing requirements for freshman eligibility will be reevaluated.”

- 950 on the SAT (Evidence-Based Reading and Writing & Math)
- A final home school transcript must be sent to the NAIA Eligibility Center, but GPA is not used to determine eligibility.
- Class rank is not applicable.

GED students must still meet entering freshmen requirements, though the criteria for meeting those requirements have been adapted to fit the distinctive high school experience.

Because class rank is not applicable, GED students must meet the other 2 entering freshmen requirements:

- Minimum test scores (only one test score is required):
  - 18 composite score on the ACT for tests taken before March 2016*
    *EXCEPTION: Per NAIA Bylaws V.C.2a, “For ACT tests taken beginning March 2016, a minimum score of 16 will satisfy this requirement. This exception will apply through the 2018-19 academic year, after which time the exception will expire.”
  - 860 on the SAT (Evidence-Based Reading and Writing & Math)

**How to send test scores.**

GED students are recognized as having met the high school GPA requirement of 2.0 upon successful completion of a GED. The official GED records must be sent to the NAIA Eligibility Center.

NOTE: These are the eligibility requirements for entering freshmen with a break after high school of one year or less.

**MEMBERSHIP IN STUDENT ORGANIZATIONS**

To be eligible to hold membership in student organizations (exception: Divisional organizations) a student must have a 2.0 or above grade point average and must be enrolled full time (12 hrs. or more). The only exception to the 12-hours requirement is when a student’s academic program dictates that the student cannot register for the minimum twelve hours for full-time status during that academic term. Candidates for membership in clubs and organizations are submitted to the Dean of Student Affairs for verification of qualifications.

**OFFICERS IN STUDENT ORGANIZATIONS**

To be eligible to hold office in student organizations, a student must have a 2.5 or above grade point average and must be enrolled full time (12 hrs. or more).

The Coordinator of Student Activities must be supplied with the following information relative to each account: account title and number and signatures required.

**SCHEDULING OF ACTIVITIES**
Student organizations must schedule all activities through the Office of the Coordinator of Student Activities. The end-of-the-year report that is required of all student organizations should include all proposed activities for the forthcoming year. The proposed activities are finalized and placed on the Master Calendar of the College. Only activities appearing on the Master Calendar will be permitted unless the organization receives special approval to sponsor an activity that does not appear on the Master Calendar.

At least two weeks prior to the desired activity, the organization must submit to the Coordinator of Student Activities an Application for Student Activities. The application will be returned to the organization after having been signed by appropriate College officials.

The advisor or his/her appointee must be present at all activities of student organizations.

6. An organization that secures a plot and fails to keep the plot attractive will forfeit its claim to the plot.

7. Forfeiture steps will include an initial warning letter that will allow the organization a period of two weeks to restore beauty to the plot. Should the organization fail to do so, it will be notified in writing that the plot has been forfeited.

Morris College's Membership Selection/Intake period is limited to one intake process per academic year.

MEMBERSHIP SELECTION/INTAKE PROCESS

The American Council on Education, Office on Self-Regulation Initiative published "Guidelines for Institutional Action" which advised that all colleges and universities review their Greek Letter Organizations system to ensure that they were aligned with the mission and values of the host institution. Subsequently, institutions implemented stricter pledging guidelines and threatened to revamp and/or eliminate all Greek letter organizations unless definitive action was taken by national organizations.
Consequently, during its Greek Summit II held in Saint Louis, Missouri, members of the National Pan-Hellenic Council adopted recommendations imperative to the continued existence of Greek-letter organizations on college and university campuses. The following recommendations were adopted by the member organizations of the National Pan-Hellenic Council on February 17, 1990, and subsequently adopted by the eight historically black Greek-letter organizations:

(1) There shall be no "pledging" or "pre-pledging" process in the constituent organizations comprising the National Pan-Hellenic Council Organization.

(2) Each organization shall develop its own Membership Selection/Intake Process which shall be limited to the ceremonial ritual(s) of the respective organization.

(3) Each organization shall develop its own educational process to follow the ceremonial ritual(s).

**OTHER GUIDELINES AFFECTING GREEK LETTER ORGANIZATIONS**

1. Each organization is responsible for informing its membership of the regulations governing Greek letter organizations.

2. Hazing of pledges in any form (mental or physical) is a violation of the rules and regulations of Morris College and also of the State of South Carolina. Students who violate the no hazing policy will be subject to severe disciplinary action.

   Hazing is defined as any action taken or situation created, intentionally, whether on or off campus, to produce mental or physical discomfort, embarrassment, or ridicule. Such activities and situations include paddling in any form; creation of excessive fatigue or physical and psychological shocks, quests, treasure hunts, scavenger hunts, road trips or any other such activities; wearing publicly apparel which is conspicuous and not normally in good taste; engaging in public stunts and buffoonery; morally degrading or humiliating games and activities.

   Branding in any form is in violation of established codes of conduct, and is therefore, not allowed.

3. A recommendation to the Pan-Hellenic Council must receive a majority vote to become a policy. At least one member of each
organization must be present before a policy can be voted upon. If a group is absent from two consecutive meetings, the majority present has the power to vote on a policy.

4. As with all student organizations, an advisor must be present at all meetings and activities of the organizations.

5. Each advisor to a Greek letter organization must be affiliated with a Greek letter organization and must be appointed by the President of the College.

6. All Greek activities must be held on campus unless the sponsoring group has received prior approval from the administration of the College to sponsor the activity off campus.

SPECIAL NOTE!

Fraternity and/or sorority affiliated groups are no longer permitted. All chapters must discontinue any sponsorship of affiliated groups including, but not limited to, Gammattes, Auroras, Little Sisters, Little Brothers, Doves, Quessences, Flames, Kittens, MIK's, TIK's, Pearls, Angels or the like. Mascots of any kind, and organized pre-pledge groups are also prohibited. Any chapter retaining affiliation or recognition of such groups will have its chapter charter recalled.

Established in 2006, The Morris College Leadership Program is a two-year program of study designed to help align with the Mission of the College by providing our students with an intensive program where they learn the principles of effective leadership. Students will study various leadership models and ideas, acquire hands-on leadership practice, assess and build their leadership strength and abilities to prepare them for future leadership challenges. The Morris College Leadership Program is not a formal course, however, it is set up similar to a one-hour weekly course.

To ensure the program accepts highly motivated and exceptional students, the program is designed as an “Invitation-Only” activity. The program director solicits nominations for program participants from faculty and staff at the beginning of the academic year.

To be eligible to participate, the enrolled student must:

- Have a G.P.A. of 2.30 or higher
- Have demonstrated social and personal responsibilities on campus and within their communities
- Be in good social standing with the College

An overview of the Leadership courses includes, but are not limited to, reflection and assessment exercises, team-based initiatives, leadership workshops and presentations given by guest facilitators and speakers, a leadership practicum project, a personal philosophy of leadership presentation, and a portfolio of participant leadership experiences.

A calendar highlighting fall and spring activities and featured guest speakers will be provided to each participant upon placement in the program.

**POLICIES REGARDING STUDENT CONDUCT**

The College uses various means of defining and clarifying the expected conduct of students. A system of academic and non-academic counseling is provided to prevent violation of regulations essential in the educational development of students. The **Student Handbook** and the **Guide to Student Rights and Judiciary Procedures** contain policies pertaining to student conduct. Policies regarding student conduct apply to both campus residents and day students.

As a student at Morris College, you are expected at all times to show respect for order, morality, and the rights of others, and to exemplify in daily living a high sense of personal honor and integrity. When a student is arrested (whether on or off campus), the College may render disciplinary action if the student's behavior is also a violation of the student conduct code. A. Reprimand
B. Restrictions: e.g., campus or residence hall bound
C. Disciplinary Warning
D. Probation (non-academic)
E. Termination of housing contract/eviction
Disciplinary Probation

Disciplinary probation is a formal notice to the student that the activity in question is unacceptable within the College community and that if continued or other inappropriate behavior follows, more severe action may be taken including the possibility of suspension or expulsion from Morris College. The term of the probation may be fixed or indefinite. A student on disciplinary probation is not eligible

1. To participate in extracurricular activities
2. To represent the College in any official capacity
3. To hold any position held prior to the probationary period
4. To attend social events of the campus

A student on social probation may also be required to attend special counseling sessions and all assemblies.

Eviction: A student who is evicted from the residence halls must vacate the building within twenty-four (24) hours after notification of his/her eviction. If a student fails to evacuate in this allotted time, he/she may be subject to physical removal from the campus by authorized personnel. An evicted student is restricted from entering or being in the surrounding areas of residence halls on campus. However, the student’s right to eat meals in the dining hall remains in effect for the remainder of the semester or summer term. Students evicted from a residence hall do not receive a refund of their room fee regardless of the length of time during the semester or summer term that they occupied their residence hall room.

Within 24 hours of eviction from a residence hall, a student must deliver to the Dean of Student Affairs a completed copy of the Exit Form for a Student Evicted from Campus Housing. This form will identify where the student will be residing and other necessary information that the College must have. If the student is a dependent student, a copy of the form will be sent to the parent or guardian.

When a student is evicted from a residence hall and is seeking reinstatement, he/she must submit a letter to the Dean of Student Affairs requesting reinstatement. The student shall return to the Residence Hall only after receiving a notification from the Dean of Student Affairs of an affirmative decision.

When a student has been suspended for disciplinary reasons and is seeking reentry to the College, he/she must submit a letter to the Dean of Student Affairs requesting reinstatement and provide evidence that he/she has satisfied the terms of the suspension. **APPEALS**

A student may appeal a decision of the Judiciary Committee to the Dean of Student Affairs for further review. Upon the receipt of such a request, the Dean of Student Affairs may affirm the decision of the committee, may request a further hearing or reverse the Committee's decision. An appeal is waived if the student vacates the College, officially or unofficially before the process is completed. The Appeals Committee may be the original Judiciary Committee pending new evidence or the College’s Appeals Committee. A suspended student may continue in classes during the appeals process.

**GRIEVANCE PROCEDURES**

The grievance procedures at Morris College are designed to clarify the rights and responsibilities of students regarding academic and/or administrative concerns. Appeals or complaints should be made only in cases which the student regards as serious and for which substantial evidence is available to support a complaint or appeal.

Should a student believe he/she has verifiable evidence to support a grievance, an attempt must first be made to resolve the matter through conferences with the instructor or staff member involved. If the issue cannot
be resolved through this informal process to the satisfaction of both parties, the student should utilize one of the following processes.

If the grievance is of an academic nature:

1) Confer with the faculty person involved and the respective division chairperson. The student must submit an official written grievance with supporting evidence to the chairperson prior to his conference.
2) If the student is not satisfied with the outcome of the conference, the student may carry the grievance forward to the Academic Dean, who will investigate and may initiate a hearing before a Grievance Committee. The committee will submit its findings in writing within seven working days.

If the grievance is of a non-academic nature:

1) Confer with the immediate supervisor of the faculty or staff person involved.
2) If the student is not satisfied with the outcome of the conference, the student may submit a formal written complaint or grievance with supporting evidence and proper documentation to the proper Administrative Unit Head or Dean of Student Affairs, who will investigate and may initiate a hearing before a Grievance Committee. The committee will submit its findings in writing within seven working days.

The Grievance Committee may consist of the following or any combination thereof:

1) Two administrators appointed by the President.
2) Two full-time faculty members (one of whom will be from the academic division in question) appointed by the President of the College.
3) One full-time junior or senior student member.

5. He/she shall have the right to be given a written statement of the decision of the hearing committee.
6. He/she shall have the right to appeal to the President of the College whose decision shall be final. In the absence of an appeal, the decision of the hearing committee or the Dean of Student Affairs shall be final.

**POLICY ON SEXUAL HARASSMENT**

Sexual Harassment, which includes sexual assault, dating violence, domestic violence, and stalking, is defined as unwelcome verbal or physical conduct of a sexual nature that is sufficiently severe, persistent, or pervasive and objectively offensive such that it unreasonably interferes with, limits or deprives someone of the ability to participate in or benefit from the college’s educational programs or employment opportunities. Sexual harassment of students is defined under the law as harassment "in which the faculty member covertly or overtly uses the power inherent in the status of a professor to threaten, coerce or intimidate a student to accept sexual advances or risk reprisal in terms of a grade, a recommendation, or even a job." Sexual harassment of students by employees of Morris College exposes the College to charges of violating Title IX of the Education Amendments of 1972 which prohibits sex discrimination under any education program or activity receiving federal financial assistance. Charges of sexual harassment of students will be thoroughly investigated, and if such investigation produces clear evidence of harassment, the person guilty of such action will be immediately terminated.

Morris College believes that each student has the right to be free from sexual harassment in any form.

Examples of Sexual Harassment include:
- Unwelcome physical contact;
- Sexually explicit language or gestures;
- Uninvited or unwanted sexual advances; or
- An offensive overall environment, including the use of vulgar language, the presence of sexually explicit photographs or other materials, and the telling of sexual stories.
- Using electronic devices or technology (e.g., cellphone, camera, email, internet sites or social networks) to record or transmit nudity or sexual acts without a person’s knowledge and/or permission
- Initiating sexual activity with a person who is incapacitated and unable to provide consent due to alcohol and/or drug consumption or other condition
Men as well as women can be victims of sexual harassment. **Morris College cannot stress enough that it will not tolerate any form of sexual harassment.**

All complaints of sexual harassment of students by peers are to be reported to the Dean of Student Affairs for investigation. If the complaint is verified, the accused student will be subjected to the disciplinary action in keeping with *Guide to Student Rights and Judiciary Procedures.*

Sexual harassment of students by employees should be reported to the supervisor of the employee or to the Academic Dean.

**SEXUAL ASSAULT POLICY**

Morris College is committed to maintaining an environment free from all exploitation and intimidation based on sex. The College reaffirms the principle that students, faculty, and staff have a right to be free from any form of sexual offense, both forcible and non-forcible. Sexual assaults include non-consensual penetration of, or forcing someone to penetrate an orifice (anal, vaginal, oral) with the penis, finger, tongue or objects. Examples of sexual assaults include rape, statutory rape, sexual battery, corruption of a minor, gross sexual imposition, fondling, voyeurism, and public indecency.

Sexual offenses are unacceptable and will not be tolerated; they also are unlawful. The College has taken a proactive stance against sexual assault and has in place sexual assault protocols which are designed to address the health and safety of the victim, the common safety of the Morris College community, the protection of the victim from undue embarrassment or publicity and the assurance of confidentiality, insofar as possible.

The following three types of behavior exemplify sexual assault at Morris:

A. Sexual contact with another person without the consent of that person.
B. Sexual intercourse with another person without his/her consent.
C. Sexual contact or sexual intercourse with another person by use or threat of force or violence or a dangerous weapon.

The following clarifications may be of assistance in understanding a given situation:

1. Sexual contact includes any intentional touching of another person's private areas either directly or through clothing by the use of any body part or object without the consent of that person.
2. Saying "No" means "No," not "Yes."
3. Failure to resist does not mean consent.
4. Consent means words or overt actions by a person competent to give consent.
5. Acquaintance assault or "date rape" is a form of sexual assault.
6. Either party being under the influence of alcohol or drugs does not diminish or relieve personal responsibility from the alleged assailter.

Any student with a complaint should contact the Dean of Student Affairs, the Director of Residential Life, or any other member of the administration. Any student or faculty/staff member may also contact the Director of Counseling and/or the College Health Services for counseling and assistance.

If you are off campus and in an emergency situation, call the local police. A report can be filed with the Sumter Police Department. Remember, in filing a criminal report it is important to preserve criminal evidence and obtain a rape physical examination at a hospital within 72 hours of the incident. At any time after a report is made, it may be withdrawn from further action.

Grievance Procedure:
Grievances can be submitted in oral or written form. The grievance statement should describe the alleged incident, where and when it occurred, and include any supporting materials. Unless this is a case where an informal resolution is not appropriate, the claimant will be asked about the details of the informal efforts they have made to resolve the issue(s). Please note that when the college has received notice of an incident of sexual harassment, misconduct or discrimination, the Title IX Coordinator may initiate an investigation without a grievance. Following the preliminary investigation, cases may warrant a Title IX Hearing which will now include:
- Live hearings where parties present evidence and testimony in front of all fact-finders
- Advisers for the victim and the accused
- Cross Examinations which permits questioning through the advisers
- Equal right to appeal for both parties

When a grievance is received, the appropriate senior staff member or their designee will be notified: the Dean of Students for incidents involving students, the Academic Dean for incidents involving faculty, and the Director of Human Resources for incidents involving all other employees.

Complaints of sexual offenses will be responded to promptly and equitably. Retaliation against individuals bringing complaints of sexual assault is specifically prohibited. Any individual who feels that a sexual offense complaint did not receive prompt and equitable response, after pursuing the procedures previously described, should contact the Office of the President.
Possible disciplinary actions against a student found guilty of sexual assault through on-campus proceedings include expulsion, suspension, and probation. See the Guide to Student Rights and Judiciary Procedures or other sections of this student handbook for more information on procedures and disciplinary actions. It should also be understood that (as with any crime) if charges of a sexual offense are prosecuted, criminal penalties could result in addition to disciplinary actions imposed by the college. In any campus disciplinary proceeding, all parties are informed of the outcome of their case, including any disciplinary action(s).

The college provides programming to enhance sexual assault awareness and prevention throughout the year. Presentations are given to all new students during orientation, and there is an ongoing program in the residence halls which addresses issues related to date rape and all degrees of sexual offenses. Additionally, booklets designed to promote prevention and awareness are placed throughout all residence halls and in other public areas.

Further, the federal Violence Against Women Reauthorization Act (VAWA) put new obligations in place for colleges and universities under its Campus Sexual Violence Elimination (SaVE) Act provision in 2014. These new regulations are designed, in part, to help prevent sexual assault, dating violence, domestic violence and stalking, while also raising awareness and providing support at every turn. Our campus community is committed to creating a safe environment for all students.

**Dating Violence**
If someone you are in a romantic/intimate relationship with pinches, kicks, slaps, hits or shoves you, those are physical instances of dating violence.

If that person keeps you away from friends and family, shames you, calls you names, bullies or publicly embarrasses you on purpose, those are psychological and emotional examples of abuse.

And if that person forces or coerces you to engage in sexual activity when you’re unable to consent—or don’t want to consent—that’s sexual abuse.

All of these actions and more constitute dating violence. It’s violence committed by a person who is or has been in a romantic/intimate relationship with you. It can include the types of abuse mentioned above or the threat of such abuse.

**Domestic Violence**
The crime of domestic violence can by committed by:
- A current or former spouse or intimate partner
• A person with whom you share a child
• A person against an adult or youth victim who is protected from that person’s acts.

In most abusive relationships, possessive and controlling behaviors are present. These may include controlling money, put-downs, keeping you away from friends or family, destroying your property, threatening to hurt/kill your pets, controlling who you see/where you go/what you do, preventing you from working or attending school, pressuring you sexually, intimidating you with weapons, threatening to harm your kids or take them away, scaring you with looks and actions, driving dangerously when you’re in the car, preventing you from leaving, forcing drug or alcohol use, physically hurting you and/or your children, someone threatening to harm himself/herself if you leave or move.

Domestic Violence is about having power and control over an intimate partner, and it can happen to people of all genders, races, abilities, ages, nationalities, sexual orientations, religions, socioeconomic and educational levels. It is always a crime.

Stalking
Stalking is when someone engages in a course of conduct directed at a specific person that causes that person to fear for his/her safety or the safety of others. It also causes the stalked person substantial emotional distress.

Over 85 percent of people are stalked by someone they know, according to the Stalking Resource Center, with behaviors that control, track or frighten them, including:
  • Threatening to hurt you, family friends, or pets
  • Showing up or driving by where you are
  • Following you
  • Monitoring your phone and computer use
  • Using technology to track you
  • Damaging your home, car or other property
  • Spreading rumors about you online, in public or by word of mouth
  • Sending unwanted gifts, notes, texts, or emails

Being stalked can lead to anxiety, stress, irritability, an inability to sleep or concentrate, and depression. You don’t have feel this overwhelmed, vulnerable and unsafe—please let someone know.

This listing is not exhaustive, wherein the College reserves the right to investigate and prosecute all social behavior deemed improper.

**Anti-Bullying Policy**

Morris College’s policy on bullying aims to uphold the existence of a policy that will ensure that the College will continue to maintain an environment of respect and consideration for others. This means that the College is committed to the elimination of all forms of bullying and will ensure that procedures exist to allow complaints of bullying to be dealt with and resolved without limiting any person’s entitlement to pursue resolution of their complaint within the relevant statutory authority.

**Bullying Defined:**
Bullying is defined as the aggressive and hostile acts of an individual or group of individuals who are intended to humiliate, mentally or physically injure or intimidate, and/or control another individual or group of individuals.

Such aggressive and hostile acts can occur as a single, severe incident or repeated incidents, and may manifest itself in the following forms:
- **Physical Bullying** includes pushing, shoving, kicking, poking, and/or tripping another; assaulting or threatening a physical assault; damaging a person’s work area or personal property; and/or damaging or destroying a person’s work product.
- **Verbal/Written Bullying** includes ridiculing, insulting or maligning a person, either verbally or in writing; addressing abusive, threatening, derogatory or offensive remarks to a person; and/or attempting to exploit an individual’s known intellectual or physical vulnerabilities.
- **Nonverbal Bullying** includes directing threatening gestures toward a person or invading personal space after being asked to move or step away.
- **“Cyber bullying”** is defined as bullying an individual using electronic form, including, but not limited to, the Internet, interactive and digital technologies, or mobile phones.

Mobbing is a particular type of bullying behavior that is carried out by a group rather than an individual. Mobbing is the bullying or social isolation of a person through collective unjustified accusations, humiliation, general harassment, or emotional abuse. Although it is group behavior, specific incidents such as an insult or a practical joke may be carried out by an individual as part of mobbing behavior.

Bullying is unacceptable behavior because it breaches principles of equality and fairness, and it frequently presents an abuse of power and authority. It also has severe consequences for everyone involved.
Reporting Procedures for Discrimination, Harassment, and Bullying:
For those victimized by bullying on campus, it is important to seek immediate action.

Any incident or complaint involving a student should be reported to the Dean of Student Affairs. A formal report or complaint should be written immediately as no action can be taken without one. The College will act promptly and appropriately upon any information that it obtains which indicates that any violation of this policy has taken place. If the complaint is verified, the accused student(s) will be subjected to severe disciplinary action, which may include dismissal from the college.

MORRIS COLLEGE
MISSING STUDENT NOTIFICATION POLICY AND PROCEDURES

This policy is established by Morris College in compliance with the Higher Education Opportunity Act of 2008 and applies to residential students at the college. For the purpose of this policy a student may be considered to be a “missing person” if the person’s absence from campus is contrary to his/her usual pattern of behavior and unusual circumstances may have caused the absence. Such circumstances could include, but are not limited to, a report or suspicion that the person may be a victim of foul play, has expressed suicidal thoughts, is drug dependent, is in a life threatening situation, has been with persons who may endanger the student’s welfare, or is overdue to return to campus and is unheard from after giving a specific return time to friends or family.

Designation of emergency contact information

a. Students age 18 and above and emancipated minors

Students will be given an opportunity during the annual registration process to designate an individual to be contacted by the college no more than 24 hours after the time that the student is determined to be missing. The designation will remain in effect until changed or revoked by the student.

b. Students under the age of 18

If a student under the age of 18 is determined to be missing, the college is required to notify a custodial parent or guardian no more than 24 hours after the student is determined to be missing.

c. All residential students (both a and b above)
If a student is determined to be missing, the college will notify the appropriate law enforcement agency not later than 24 hours after the determination has been made.

**Missing Student Procedure**

a. Any individual on campus who has information that a residential student may be a missing person must notify the Dean of Student Affairs and Campus Security immediately.

Note: In order to avoid jurisdictional conflicts when a commuter student is believed to be missing, the reporting person should immediately notify local law enforcement authorities. A Campus Safety Officer and the Office of Student Affairs will assist external authorities with these investigations as requested.

b. A Campus Safety Officer and the Office of Student Affairs will gather all essential information about the missing resident student from the reporting person, from the student’s acquaintances and from college personnel and official college information sources. Such information will include a physical description, cellular phone number, clothes last worn, where the student might be, who the student might be with, vehicle description, information about the physical and emotional well-being of the student, an up-to-date photograph, a class schedule, when last attended class, etc.

c. Appropriate campus staff, including the Director of Residential Life and Residential Life staff, will be notified to aid in the search and location of the student. Contact with the student should be attempted using text messages, cellular phone calls and e-mail.

d. If search efforts are unsuccessful in locating the student in a reasonable amount of time OR it is apparent immediately that the student is a missing person (e.g., witnessed abduction), OR it has been determined that the student has been missing for more than 24 hours, a Campus Safety Officer will contact the Sumter Police Department (appropriate local law enforcement agency) to report the student as a missing person. The Sumter Police Department will take charge of the investigation with assistance from college officials.
e. No later than 24 hours after determination that a residential student is missing, the Dean of Student Affairs will notify the emergency contact previously identified by the student (for students under the age of 18) and advise that the student is believed to be missing.

Communications about missing students

a. In accordance with established college emergency procedures, the Director or Public Relations will be part of the college administrative response team and is the designated spokesperson to handle media inquiries concerning a missing student.

b. The local law enforcement agency in charge of the investigation will be consulted by the Director of Public Relations prior to any information release from the college so as not to jeopardize the investigation.

Greetings Students,

I extend a hearty welcome to Morris College! As a new or returning student, you will experience an academic community who is here to help you excel academically, personally, and professionally.

Residential Life is a supportive living and learning environment that bridges in-class student learning opportunities and out-of-class residential living which enhances the student’s intellectual and personal growth. Adjusting to college life is a process that takes time and effort as many students may not have shared a room or lived away from home prior to attending college. Staff is available 24 hours a day and 7 days a week to help with the transition.

As a student of Morris College, you are encouraged to take advantage of all the opportunities available at this institution. There are many academic organizations, extracurricular and social activities, intramurals, sporting events, dances and community events designed to aid in your total development as a well-rounded student.

The Residential Life staff and I are available to make sure your campus experiences are not only memorable but productive. Feel free to visit me at the Office of Student Affairs located in the Academic Hall Building.

Sincerely,

T. Teresa Washington
Director of Residential Life
RESIDENCE HALLS

Currently, Morris College has seven residence halls, three for men and three for women and one that is assigned as needed. During the Fall Semester 2013, the College opened a new residence hall for women and a new residence hall for men. A student desiring to reserve a room in a residence hall for the regular academic year (fall and spring semester) must pay a one-time refundable room deposit that allows that student to reserve a room for each session, summers included. The one-time payment of the $100.00 deposit will give the student the right to reserve a room by completing the housing agreement for each session. The deposit will be refunded upon the student’s graduation or separation from Morris College, pending payment of all outstanding debts to the College.

To be admitted to the residence halls, students must submit a housing permit from the Office of Business Affairs, verifying that they have cleared all previous financial and other obligations to the College. New students are admitted to the residence halls beginning at 8:00 a.m. on the day of Parent/New Student Orientation. Returning students are admitted beginning at 1:00 p.m. on the day designated for returning students to occupy residence halls or at 1:00 p.m. on the day prior to resuming classes after a holiday. Room reservations are made by current students between February 1 and May 1 in the Office of the Director of Residential Life for the approaching summer session, fall semester, or spring semester.

Students are required to maintain a minimum of 12 credit hours (full-time status) to reside in the residence halls. Students are not permitted to live in the residence halls with less than 12 credit hours.

RESIDENCE HALL VISITATION POLICY

The safety and welfare of each resident are major concerns of Morris College. The College, therefore, takes every precaution to provide maximum security in its residence halls and other areas of the campus. In an effort to provide such security, the College has instituted the following regulations:

1. Each visitor to the residence hall must register in the office of the Residence Director.

2. After the guest has registered, the Residence Director or the person in charge will notify the resident that he/she has a guest and wait for instructions.

3. Upon receiving instructions from the resident, the director will do one of the following:

   B) Instruct the guest to wait in the Lounge until the resident arrives to join him/her.
C) Inform the guest that the resident is absent from the building. No visitor is permitted in the room of a resident who is absent from the room.

4. Residents should not leave the guests in rooms during their absence. During class sessions a resident may leave his/her guest in the Lounge of the residence hall upon the approval of the Residence Director.

Search and Seizure Policy

OVERVIEW

Being that Morris College is an educational community with distinct behavioral requirements, the courts have upheld a college’s right to enter and search student rooms and suites with just cause. However, the entry and search must not be done in a subjective and impulsive manner, which unnecessarily deprives a student of his/her fundamental constitutional protection.

Currently, the College’s housing staff can and will make periodic inspections of students’ rooms and suites for safety and health reasons. Violations observed during routine inspections and/or building evacuations will be referred to the Office of Student Affairs for further actions.

The intent of this policy is to provide protection for the rights of each student while at the same time providing staff members and college officials the means to maintain and protect our educational environment necessary for the College to fulfill its primary goal of education.

RIGHTS OF ENTRY

Morris College reserves the right to enter any room or suite and should be made only when the College has reasonable and fair cause to believe that such items are present in the room:

(a) **With or without notice** for the purpose of inspection, maintenance or repair

(b) **Without notice to or permission of** the resident thereof, for the purpose of, but limited to:

   a. Checking for alcohol, illegal drugs and/or narcotics, or dangerous drugs
   b. Check for firearms, fireworks, explosives, weapons (knives, brass knuckles, etc.)
   c. Any other substance, materials, or goods that would breach of the College’s Housing Agreement, the standards and regulations of Morris College.
   d. When there is articulated reason to believe that the occupants of the room are in serious physical or psychological distress.
SPECIAL NOTICE!
Morris College cannot accept responsibility in the event of theft in a resident’s room or car. Residents should check to make sure that all clothing and other valuables are covered under Parents’ Homeowners’ Insurance prior to bringing their possessions to campus. If something has been stolen, the resident should contact the Residence Director immediately. The Residence Director will immediately notify Security and/or the police.

Residence halls close during the following vacation periods: Christmas and Spring Break. Residents must arrange for their housing during these periods.

Lost IDs should be reported to the Office of Student Affairs where replacement IDs may be obtained at a cost of $20.00 payable to the Business Office.

IDs are not transferable. The use of an ID by anyone other than the owner will result in a policy violation and subjects both the owner and the user to disciplinary action. The identification card is to be carried by the student at all times.

Day students are welcome to purchase meals in the dining hall at a cost of $4.00 per meal.

DINING HALL DECORUM
Students eating in the dining hall should avoid the following:

WAYS TO NOURISH A FRIENDSHIP

PERMIT YOUR FRIENDS TO BE THEMSELVES
Accept them as they are. Be grateful for what is there, not annoyed by what friends can't give. Accept each one's imperfections and individuality, and don't feel threatened if their opinions and tastes sometimes differ from yours.

GIVE EACH OTHER SPACE
We are entitled to our private feelings and thoughts. Friends who try to invade the inner space of one another risk destroying the relationship.

BE READY TO GIVE AND TO RECEIVE
Be eager to help and able to ask for help as well; but don't be over-demanding or let yourself be used.
MAKE YOUR ADVICE CONSTRUCTIVE
When a friend needs to talk, listen without interruption. If advice is asked for, be positive and supportive.

BE LOYAL
Loyalty is faithfulness. It means honoring confidence. It means neither disparaging a friend in their absence nor allowing others to do so.

GIVE PRAISE AND ENCOURAGEMENT
Tell your friends what you like about them, how thankful you are for their presence in your life. Delight in their talents; applaud their successes. Always be genuine in your compliments.

BE HONEST
Open communication is the essence of friendship. Express your feelings, good and bad, instead of bottling up your anger and anxiety. Clearing the air helps relationships grow; but be aware of what is better left unsaid.

TREAT FRIENDS AS EQUALS
In true friendship, there is no number one, no room for showing off how smart and successful you are no room for envy or for feeling superior or inferior.

TRUST YOUR FRIENDS
We live in an imperfect world made up of imperfect people. Trust can be betrayed, but it is essential in friendship. Make the effort to believe in the intrinsic goodness of your friends.

BE WILLING TO RISK
One of the obstacles to a close relationship is the fear of rejection and hurt. We don't want to reveal our vulnerability, but unless we dare to love others, we condemn ourselves to a sterile life.

obligation in curricula, degree requirements, course offerings, fees, and all academic and nonacademic regulations when, in the judgment of the faculty, the president, or the board of trustees, such changes are in the best interest of the students and the college.

Registration at the college assumes the student’s acceptance of all published academic and nonacademic regulations, including those which appear in the bulletin and other official announcements of publications. Students should contact the Dean of Student Affairs to obtain a copy of the current student handbook.

TO THE STUDENT: Read the Morris College Honor Code carefully. After reading, sign, detach, and return the signed Code to the Office of Student Affairs.

THE MORRIS COLLEGE HONOR CODE

The philosophy and tradition of Morris hold that the precepts of Christianity prevail in every aspect of college life. These precepts establish a code of honor which is specific in its demand and clear in its content. This Code belongs to each generation of students at Morris College, and upholding it is the responsibility of each student.

The Honor Code is a cherished principle of the college community. The Honor Code does not condone or tolerate lying, cheating, stealing or plagiarism. Therefore, under the Morris College Honor Code each student is expected to:

1) Show complete integrity in both work and deed.
2) Do his or her own work.
3) Refrain from plagiarism (copying written words without giving proper documentation), cheating, stealing.
4) Apply this code to himself or herself and confront any other student who violates it.
5) Treat everyone at the college with respect.

Consequently, deliberate violation of the Morris College Honor Code can result in:

1) Social probation, the duration of which is determined by the severity of the offense.
2) Failure.
3) Suspension from the college for a period of time determined by proper authority.
4) Expulsion.

I hereby acknowledge that I have carefully read the Morris College Honor Code and do hereby pledge to abide by the policies therein stated.

THE ALMA MATER

Morris our college dear,
With hearts filled with cheer,
We come to thee.
Throughout life’s checkered ways,
Thy name we’ll ever praise.
Teacher of youthful ways,
All hail to thee.

When from our homes we came,
To own thy lofty name.
Breathe courage free,
Parents and teachers dear,
Calmed by the lack of fear.
Pay homage through the years,
All hail to thee.

Composed by Ms. Ida Pullens
1924

THE MOTTO

“Enter To Learn; Depart To Serve.”
