The Power of Collaboration and Planning

Mr. Quinton Dawkins and the other MiSTERs discussed the possibility of mentoring young students in the area. Last year, there were plans to adopt an elementary school to assist with helping students. The idea came about again this year at a MiSTER meeting when Dr. Shawn Hagerty, Principal of Crosswell Drive Elementary School was invited to share information about his school. The MiSTERs decided to adopt Crosswell Drive Elementary School and begin helping young students. The MiSTERs visited the school and met with the fifth grade students on Friday, October 13th. Stay tuned to see more news of our MiSTERs making a positive difference in the community.
The Call Me MiSTERs had an opportunity during High School Recruitment Day on October 18th to share information about the Teacher Education Program and Call Me MiSTER initiatives.
