

Morris College Student Email Information

The Morris College Student Email System is moving to Microsoft Office 365.

The information below explains what your new Morris College Email address is and how to login to install Office 365. All current students are licensed to use Office 365 with Teams. We hope you enjoy these new services.

Student Information:

An email has been sent to your personal email address with the information below. Upon receipt of that message you will need to complete the following steps:

Login to Office 365 with the email information below. This is your new Morris College Email Address.

LMSusername@student.morris.edu
Email: password is same as your LMS password

[Click here to go to Office 365](#)

After signing in, you will be eligible to download the Microsoft Office products at no cost.

For online download directions, [click here](#). If you have any questions, concerns, or have difficulty downloading the software, please contact the Morris College IT Help Desk at:

helpdesk@morris.edu
