Satisfactory Academic Progress (SAP) Academic Plan-Advising Form

Instructions for Academic Advisor: New federal regulations require the institution to establish an academic plan for students who have failed to meet SAP standards as defined by the United State Department of Education. Financial aid SAP eligibility is not the same as academic probation. Please work with students to develop a planned curriculum to ensure that s/he has a realistic academic plan and that the coursework listed is required for the student's declared program. Once this plan is developed and agreed upon, please sign and date the academic plan. The student cannot receive federal financial assistance for the upcoming academic semester without this document. If you have questions concerning the SAP policy, please contact the financial aid office.

Last: _____ First: _____ MI: _____ Student ID: _____

Degree or approved program plan of study: _____

Expected Graduation Date: _____ Current Cum. GPA _____ Current Cum. Hours Completed _____

Academic Plan Semester 1 Term: _____
